## Overview

Product Name: **Toasted soybean meal not granulated**

**Target :** To work with you!

Information <b>A U</b> about our product	Discription:
Product quality indicators:	Moisture and volatile substances - 8.5-11.5% Crude protein in absolutely dry matter, no less than - 47.8 % Fiber in terms of absolutely dry matter , no more than - 7.2 % Crude fat in terms of absolutely dry matter, no more than - 1.5 % Urease activity (change in pH in 30 min)- 0.1 - 0.2 pH
Quantity of goods:	Per month: min.order 23t max.order 3400t
Price:	By agreement under the contract volume
Accompanying documents:	Producer Quality certificate      Veterinary certificate CMR      Phytosanitary certificate Invoice Euro-1 T1 declaration
Type of shipment	ALL OF TYPES <a href="#">INCOTERMS 2020</a>

**Контрольно-випробувальна лабораторія  
ТОВАРИСТВА З ОБМЕЖЕНОЮ ВІДПОВІДАЛЬНІСТЮ «УКРПРОДСНЕКГРУП»**

провела дослідження згідно договору про надання послуг з лабораторних випробувань № 23/02 від 23.02.2022р для ТОВ « ТОРГОВИЙ ДІМ «СНЕКТОРГГРУП».

**Control and testing laboratory**

The control was carried out by the control and testing laboratory of LLC "UKRPRODSNEKGRUP" in accordance with contract for the provision of services for laboratory testing No. 23/02 dated 23.02.2022r for LLC «TRADING HOUSE «SNACKTORGROU»

**Виробник:** ТОВ « ТОРГОВИЙ ДІМ «СНЕКТОРГГРУП»

**Manufacturer:** LLC «TRADING HOUSE «SNACKTORGROU»

**Сертифікат якості № 7 від 24.03.2025р Шрот соєвий кормовий тостований  
Quality certificate № 7 issued 24.03.2025 Toasted soybean meal**

Виготовлено / Prepared	20.03.2025р
Використання Using	Для кормових цілей For fodder purposes
Зовнішній вигляд Appearance	Негранульований – однорідна сипка маса Non-granular - homogeneous loose mass
Колір Color	Від світло-жовтого до світло – коричневого From light yellow to light brown
Запах Scent	Характерний соєвому шроту без стороннього запаху Characteristic of soybean meal without extraneous smell
Температура Temperature	15°C
Масова частка вологи та летких речовин, % Mass fraction of moisture and volatile substances, %	11,3
Масова частка металодомішок, %, Mass volume of metallic contaminant, % Масова частка, % - частинки розміром до 2 мм включно - particles up to and including 2 mm - частинки розміром більше 2 мм і частинки з гострими ріжучими краями - particles larger than 2 mm and particles with sharp cutting edges	Немає There is not  Немає There is not Немає There is not
Активність уреаз (зміна pH за 30хв) Urease activity (change in pH in 30 minutes)	0,15
Масова частка золи, не розчинної у 10% соляній кислоті у перерахунку на абсолютно суху речовину, % The mass fraction of ash insoluble in 10% hydrochloric acid in terms of absolutely dry substance, %	1,04
Масова частка сирого протеїну в перерахунку на абсолютно суху речовину, % Mass value of crude protein in terms of absolutely dry matter, %	47,60
Масова частка клітковини в перерахунку на абсолютно суху речовину, % Mass volume of fiber in terms of absolutely dry matter, %	9,0
Масова частка сирого жиру в перерахунку на абсолютно суху речовину, % Mass volume of raw fat in terms of absolutely dry matter, %	1,50
Зараженість шкідниками або наявність слідів зараження Pest infestation or evidence of infestation	Не виявлено Not found
Сторонні домішки (скло, земля, камінці) Foreign matter (glass, soil, stones)	Не виявлено Not found
<b>Масова частка токсичних елементів. Mass fraction of toxic elements.</b>	
Масова частка свинцю не більше 1,0 мг/кг Mass fraction of lead, no more 1,0 mg/kg	*< 0,12 мг/кг *< 0,012 mg/kg
Масова частка кадмію, не більше 0,1 мг/кг Mass fraction of cadmium, no more 0,1 mg/kg	*< 0,03 мг/кг *< 0,03 mg/kg
Масова частка арсену, не більше 0,3 мг/кг Mass fraction of arsenic, no more 0,3 mg/kg	*< 0,08 мг/кг *< 0,08 mg/kg
Масова частка ртуті, не більше 0,02 мг/кг Mass fraction of mercury, no more 0,02 mg/kg	*< 0,0009 мг/кг *< 0,0009 mg/kg
Масова частка міді, не більше 10,0 мг/кг Mass fraction of copper, no more 10,0 mg/kg	8,12 мг/кг 8,12 mg/kg
Масова частка цинку, не більше 50,0 мг/кг Mass fraction of zinc, no more 50,0 mg/kg	26,94 мг/кг 26,94 mg/kg

**Продовження сертифіката якості № 7  
Continuation of the quality certificate № 7**

ПРОДОВЖЕННЯ ПОСВІДЧЕННЯ ПРО ЯКІСТЬ № 7  
EXTENSION OF THE QUALITY CERTIFICATE № 7

Афлатоксину В <sub>1</sub> мкг/кг Aflatoxin B <sub>1</sub> µg/kg	5,0 мкг/кг 5,0 µg/kg	<1,0 мкг/кг <1,0 µg/kg
ГХЦГ мг/кг, не більше HCH mg/kg, no more than	0,05мг/кг 0,05mg/kg	< 0,05мг/кг < 0,05mg/kg
ДДТ мг/кг, не більше DDT mg/kg, no more than	0,1мг/кг 0,1mg/kg	< 0,05мг/кг < 0,05mg/kg
Гептахлор мг/кг Heptachlor mg/kg	Не допускається Not allowed	< 0,05мг/кг < 0,05mg/kg

**Висновок:** продукція відповідає вимогам ДСТУ 4492 : 2017.

**Conclusion:** the products meet the requirements of DSTU 4492: 2017 of Ukraine

Дослідження проведено контрольно-випробувальною лабораторією ТОВ «УКРПРОДСНЕКГРУП» згідно договору про надання послуг з лабораторних випробувань № 23/02 від 23.02.2022р для ТОВ «ТОРГОВИЙ ДІМ «СНЕКТОРГГРУП».

About us

In4mation	Success Metrics
<p>LLC OIL GOOD company is a recognized manufacturer of quality products from Ukrainian raw materials. We guarantee the constant availability of goods in our warehouses and ensure the ease of ordering.</p>	<p><b>1000+</b></p> <p>Satisfied customers work with us on an ongoing basis</p>
	<p><b>100000 tons +</b></p> <p>The products were manufactured and sold for the entire time</p>
	<p><b>These are our partner companies</b></p> <p>LLC "UKRPRODSNEKGROUP"</p> <p>LLC "Trading House"SNACKTORGROUP"</p> <p>TM "DYKANSKE"</p>

**! We are actively looking for partners, we are most interested in importers who are direct consumers of our products!**

The Ukrainian manufacturer is looking for business partners who buy and work with vegetable oils, oil refiners, oil bottling plants, those who process, add to fodder and food products, etc. End recipients and traders.

**We expect from our partners timely payment and fulfillment of all terms of the future contract.**

## Important information about us

Our group of exporters and manufacturers of sunflower processing products has more than 14 years of experience, working under different conditions and in different markets around the world.

Our pride is our quality because our main duty is to comply with all national norms and international standards regarding quality control and certification. We have our own certified and accredited laboratory.

We involve and implement the leading ideas and technologies of our professionals and partners from different countries, who have extensive experience in this direction, into the production process.

We have state-of-the-art warehouses for storing our products, which are specially equipped according to national standards for product storage.

We are easily ready to offer you our products on any terms, as arranged by the two parties to the contract. We have implemented a contractor accreditation system, we work only with reliable

suppliers and buyers.

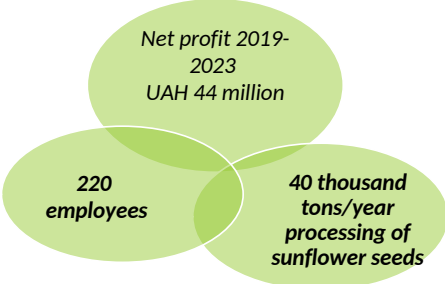

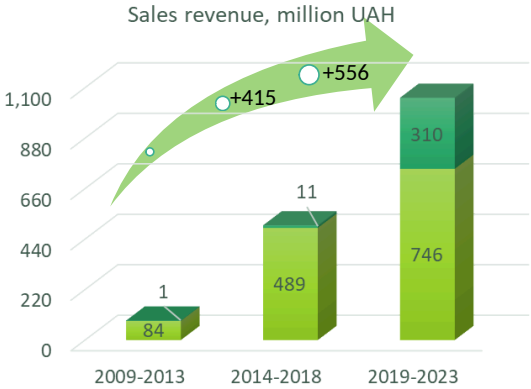

"Revenue from sales, UAH million"	2009-2013	2014-2018	2019-2023
Total:	85	500	1 056
including domestic market	84	489	746
including export	1	11	309

The group of companies includes 4 companies:

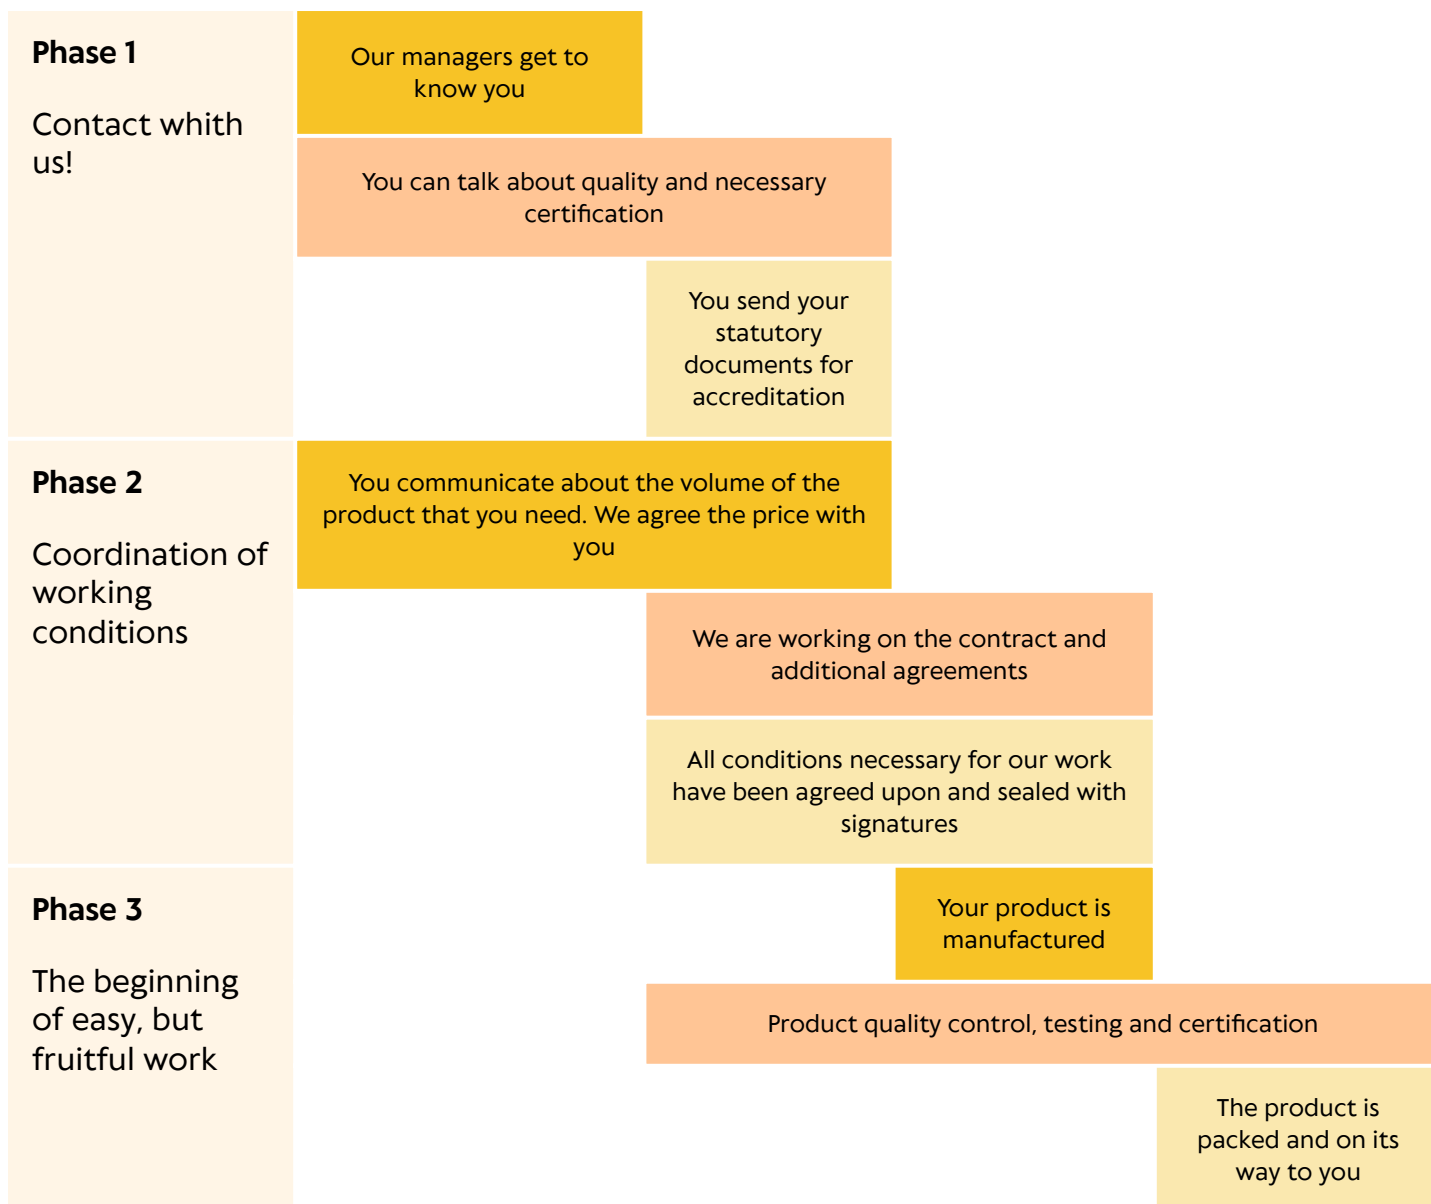

- LLC "UKRPRODSNEKGROUP"
- LLC "TRADING HOUSE "SNEKTORGROUP"
- LLC "OIL GOOD"
- LLC "Trading Company" "OIL GOOD"

2009 – start of production (packaged fried seeds, packaged peanuts);  
2011 – entering the export market (Germany, Kyrgyzstan - packaged fried sunflower);  
2012 - the beginning of the production of unrefined sunflower oil, packaged refined oil TM Dara Dykanka;  
2013 – expanding the geography of the export market (Latvia, Israel - packaged fried sunflower);  
2014 – export to Moldova (packaged fried sunflower);  
2017 - entry into the Asian market (Malaysia - unrefined sunflower oil). Latvia, Lithuania - implementation of packaged refined oil;  
2019 – production of sunflower husk briquettes. Entering the Polish market;
