# BANANA POWDER

Nutriolife's Raw Banana Powder is made from 100% pure, green bananas. It is rich in fiber and potassium, making it ideal for baby food, health drinks, baking, and nutritional supplements. Processed in hygienic, lab-tested facilities, our banana powder offers excellent shelf life, smooth texture, and trusted quality for bulk buyers and global markets

## APPLICATIONS

**Food & Beverages:** Bakery, smoothies, baby food, drinks

**Health & Nutrition:** Supplements, diabetic & weight-loss foods

**Pharma:** Herbal & Ayurvedic medicines

**Cosmetics:** Face masks, natural skincare

**Animal Feed:** Pet and livestock nutrition

## ABOUT US

At Nutriolife Food Processing, we specialize in the manufacturing and export of high-quality dehydrated fruits and vegetables, with a core focus on our flagship product raw banana powder.

Our processing methods ensure maximum nutrient retention, extended shelf life, and consistent quality. We maintain the natural color, texture, and purity of our products without compromising safety or standards.

With a strong commitment to quality control, hygiene, and international food safety regulations, Nutriolife has become a trusted partner for businesses in the food, nutraceutical, and health industries across global market

## BANANA POWDER

### Food & Beverages Industry

**Baby Food:** Gentle on digestion, rich in nutrients — ideal for infant cereals and weaning foods.

**Health Drinks & Smoothies:** Adds natural sweetness, fiber, and thickness to energy drinks and shakes.

**Baking:** Used in gluten-free cakes, muffins, pancakes, and cookies as a healthy flour substitute.

**Snacks & Energy Bars:** Enhances taste, texture, and nutritional value in health bars and chips.

### Pharmaceutical & Nutraceutical Industry

**Digestive Health Capsules or Powders:** Supports gut health and improves digestion naturally.

**Herbal Antacid Syrups or Tablets:** Helps relieve acidity and soothes the stomach.

**Diabetic Meal Replacement Shakes:** Low-GI formula ideal for blood sugar management.

**Potassium-Rich Electrolyte Drink Mixes:** Restores minerals and boosts hydration.

**Nutritional Protein & Wellness Powders:** Enhances energy, recovery, and overall wellness.

### Cosmetic & Personal Care Industry

**Face Masks & Packs:** Helps brighten skin, control oil, and reduce blemishes.

**Exfoliating Scrubs:** Provides gentle exfoliation with natural enzymes and minerals.

**Soothing Skin Creams:** Nourishes dry or sensitive skin with potassium and antioxidants.

**Hair Masks & Conditioners:** Strengthens hair, reduces frizz, and adds natural shine.

**Bath Powders & Body Care Products:** Adds softness, hydration, and a natural glow to skin.

### Animal Feed Industry

**Cattle & Poultry Feed:** Improves energy levels, supports digestion, and enhances feed intake naturally.

**Pet Food Additives:** Adds natural flavor, energy, and gentle fiber for better stool quality and gut health.

**Aquaculture Feed:** Serves as a natural starch source and binder, promoting water-stable feed pellets.

**Livestock Growth Enhancers:** Provides essential minerals and carbohydrates for better performance and weight gain.
