01. INTRODUCCION

Registered as Patmos General Ventures in 2018 herein called Patmos Farms International is a Ghanaian based organisation with affiliate partners in Europe, America and other parts of Africa. We are mainly into the import and export of agro food products and Logistics services.

The company has its head office located in Greater Accra Region with a factory space around Medie near Nsawam in the Eastern Region of Ghana. Patmos Farms Int is the producer of the assorted product brand; Feli Special Foods sold on the local markets as well as Europe and America.

02. VISION

Patmos General Ventures was borne out of the dire desire to partly meet the global food chain supply locally and internationally with an air of efficient merge of innovative agricultural practices.

03. MISSION STATEMENT

To be the most efficient and cost-effective force in the spheres of global and local food supplies using highly innovative seamless technology within the next ten years.

04. CORE VALUES

● RELATIONSHIP

Agribusiness, export and product importation is a people centred occupation. Our organisation strives to connect people through quality product delivery in the industry to meet the demand of food resources. Therefore we encourage partnerships, volunteerism, and mentorship among the stakeholders along the value chain across the globe.

● TRAINING & DEVELOPMENT

Anything relating to agro products supply keeps evolving, and we want to meet the challenges of a changing world by promoting continual education and training to build on our talents and develop new skills on the best use of available resources among the members of our company's value chain.

05. SERVICES OFFERED

● AGRIBUSINESS

Our services and operations in the agriculture related business includes Crop farming, Livestock Farming, trading of agriculture products and other agriculture related business.

● IMPORT

We work with our partners and producers home and abroad within and without the coast of Africa in general to import quality standard food products. We also deal in general essential hardware products if customer demands from Europe and America.

● LOGISTICS

Our Logistics services seeks to connect both the rural and urban network through very affordable local fleet system. Farmers from far the hinterlands through our Logistic services can access the market with ease. We also seek to provide courier services within the cities and town in the comfort of your homes.

06. PRODUCT GALLERY
