Our Story

Established in 1986 as Sai Akshar Graphics, under the tutelage of our visionary chairman and managing director, Mr Jagdish Shetty, later rebranded to Innovus Packaging (2018), we are a premier manufacturer of paper based printing and packaging products.

With 3 decades of experience in delivering packaging solutions, we combine our technical expertise with market insights to deliver customized solutions to our customers.

Our single minded focus towards quality and innovation has led us to consistently invest in cutting edge technology from pre-press to final execution.

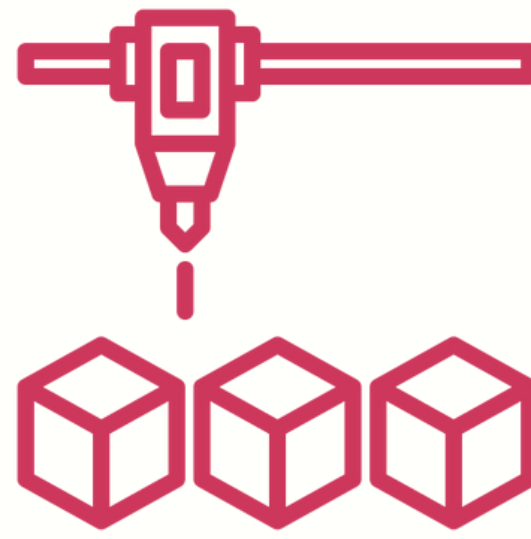

Why Us?

PACKAGING SIMPLIFIED

DESIGN INNOVATION

Our in house design and engineering team consistently innovate on new packaging concepts to help you standout from the competition and enhance your brand presence.

END TO END PRODUCTION

Our manufacturing capabilities range from pre-press to final product for all paper based packaging products. Our one stop shop solution takes care of all your packaging needs under a single roof and helps ease the pressure on your supply chain.

LOGISTICS SUPPORT

We ensure your products are delivered without fuss through a combination of in-house delivery capabilities and logistics partners that we have built over 30 years of business.
