Who are we?

- We did a lot of research on herbal products and had a tremendous experience in this field.
- After long years, we wanted to manufacture cosmetic products.
- From the beginning, we adopted two mottos. “Do not put on anything on your skin unless it is edible.” and “do not manufacture and do not sell anything that is unhealthy and of poor quality.”
- We established our brand on the above principles in 2015
- We have been manufacturing healthy herbal dermo cosmetic products since 2015.

Our Quality Standards:

- We adopt a selective approach while choosing Our raw materials/ingredients, packages, and oil suppliers.
- Only non-plastic healthy glass packages are used in our products.
- We check all our products during the production phases. Also, we get accredited laboratory tests and regulatory approval from regulatory authorities.
- Only edible oils are used in our products.
- No fermented rose, rose water, rose serum, protective, colorant, dilution, or stabilizer are used in our products.
- Ingredients of All of our product lines consist of major oils.
- Our rose series has the highest quality standards.

Production Process:

- We produce our products with multi-correctional effects way.
- We have flexibility concerning production.
- Except for the rose water and fermented rose, We can adjust our production according to the season and the demand.
- For the rose water and fermented oil, the season is May, and production volume is set in this month.
- We have 17 different products in total.

In addition to the above products, we have been continuously developing new products according to our customers’ demand. “every skin is unique and deserves a special treatment.” Zahika believes this and offers new solutions to its customers. Most importantly, our solutions are natural.

“Discover the glamorous world of beauty with Zahika.”

ROSE ELIXIR

It contains Rosa Damascena essential oil, which gives the skin a healthy glow. ROSE ELIXIR is a product that relaxes, revitalizes, and refreshes the skin. It has a strong structure that provides moisturizing and relaxation close to the cream with its structure with small oil molecules obtained with high technology. By converting essential rose oil into fine molecules, the skin is relaxed, moisturized, and healthy glowing. Omega 3-6-9 fatty acids and lipids that revitalize and brighten the skin are repaired, and the relaxed skin gets a soft appearance.

ADVANTAGES

It contains Rosa Damascena essential oil, which allows you to have a unique emotional experience from the very first moment with the enchanting scent of rose. Rose essential oil is a rich source of minerals and vitamins. It supports cell regeneration, restores the minerals and vitamins your skin needs, and provides anti-aging protection. It provides the moisture skin needs during the day, keeping it moist for a long time and giving it a natural appearance. The high energy contained in the rose increases the effectiveness of your other product in your daily routine and allows you to get higher efficiency.

Usage: Put the Zahika Rose Elixir onto cleansed skin and massage it into your skin with circular movements with fingertips. You can also do this application whenever you feel the need during the day.

It is recommended to use Rose Elixir and Rose Extract together for a perfect effect and unique beauty experience.

Ingredients : 100% Rosa damascena Flower Yeast

ROSE WATER

It is obtained by distillation of Rosa Damascena roses grown in Isparta with 100% purity. Zahika Full Rose Water, in which its oil is not separated, has an enchanting scent, a special quality, and the energy of organic roses. The best damask roses, collected by hand, are distilled in copper alembics using natural and pure mountain waters and traditional methods. The pure rose water obtained is produced without separating it from its oil. While Zahika Rose Water purifies your skin from dirt and makeup, it tightens the pores. It deeply moisturizes and soothes the skin. With its vitamins and minerals, it nourishes your skin and gives it a healthy appearance.

ADVANTAGES

It nourishes and revitalizes the skin with its enchanting rose scent and refreshing effect. From the first moment you apply it, it makes you feel the fascinating effect of the rose and gives you a unique emotional experience. Zahika ROSE WATER creates a protective shield against harmful sun rays and free radicals. By supporting collagen production, it increases skin elasticity and tightens your skin. It provides anti-aging protection to the skin with the vitamins and minerals it contains. It creates a natural protective shield for the skin. It provides your skin with the moisture it needs during the day, keeping the skin moist for a long time and giving it a natural appearance.

Usage: Take the makeup cotton and put some Zahika Rose Water and apply it to the face, neck, and décolleté, morning and evening. You can also do this application whenever you feel the need during the day. It purifies, balances, nourishes, tightens, and refreshes your skin.

Ingredients : 100% Rosa damascena Flower Yeast

ROSE EXTRACT

ROSE EXTRACT, which contains the renewed strong formula and the energy of the rose, has been specially developed for you to experience a unique rose. It is enriched with rich oils to renew the skin and preserve its youthful appearance, with its strong structure enriched with “Swertia” unique to the Himalayas. It provides instant radiance and shines on the skin with a single drop. It refreshes your skin with omega 3, 6, and 9 acids that accelerate the regeneration of the skin and offer extraordinary softness. It gives a different emotional experience with the high energy and enchanting scent of the rose.

ADVANTAGES
