WHO WE ARE

Sri Lanka which is also known as "Ceylon" is a world-renowned destination for spices, fresh fruits and vegetables and Herbs. It has been supplying these around the globe since ancient times. "BUDDHI PRODUCT" was established to serve the world through its expertise on export of finest agricultural base products. Today we serve international markets through its wide and specific product portfolio. We have our own processing facility in Andiambalama (Katunayake), Sri Lanka and a significant number of employment opportunities are generated through that while supporting the farmers in the country to uplift their life standards by providing good market space for their products.

"BUDDHI PRODUCT" is an Enterprises that plays a distinct role in the exporting local produce to the overseas market in line with complying the exclusive demands. Sri Lanka as a country has been blessed with various types of natural resources from precious gem stones to vegetation and spices. The key produces we currently focus are of vegetation such as locally grown fruits, vegetables, spices to seafood and poultry. Though these are main commercial export produce, it does not stop there. As a trading venture, "BUDDHI PRODUCT" is open for more specific commodities and trade line for exports.

A country blessed with diverse climatic regions, Sri Lanka produces a wide variety of fruits, nuts, and vegetables. The manufacturing and exporting of more than 9000 tonnes of produce annually solidify Sri Lanka as a major exporter of fruits, vegetables, spices, poultry, and seafood.
