Our Product Range

Sri Lanka which is also known as "Ceylon" is a world-renowned destination for spices, fresh fruits and vegetables and Herbs. It has been supplying these around the globe since ancient times. "BUDDHI PRODUCT" was established to serve the world through its expertise on export of finest agricultural base products. Today we serve international markets through its wide and specific product portfolio. We have our own processing facility in Andiambalama (Katunayake), Sri Lanka and a significant number of employment opportunities are generated through that while supporting the farmers in the country to uplift their life standards by providing good market space for their products.

"BUDDHI PRODUCT" is an Enterprises that plays a distinct role in the exporting local produce to the overseas market in line with complying the exclusive demands. Sri Lanka as a country has been blessed with various types of natural resources from precious gem stones to vegetation and spices. The key products we currently focus are of vegetation such as locally grown fruits, vegetables, spices to seafood and poultry. Though these are main commercial export produce, it does not stop there. As a trading venture, "BUDDHI PRODUCT" is open to more specific commodities and trade line for exports.

CEYLON TRUSTED QUALITY PRODUCT

Ingredients:
High Quality Ceylon Black Pepper

Product Description:

Hailed as the king of spices, pepper, the most consumed spice in the world, is taken from the berries of the plant *Piper nigrum*. Ceylon Pepper is particularly favored worldwide as it is quite rich in Piperine, the alkaloid which lend it a distinct pungency. As a result, Ceylon Pepper from Sri Lanka fetches a premium price in the International spice market. Black pepper is widely used as a 'hot' cooking spice and seasoning. The taste of Sri Lankan black pepper is richly aromatic, with floral and citrus note, while retaining a strong pungency. Extracts of black pepper - Piperine, oleoresin and essential oil are also extracted from the whole drupes and have applications as both spice and flavoring agents in the food industry, and also major industrial applications in the perfumery and the pharmaceutical industry. Sourced locally and sustainably from local farmers around the rural areas in Sri Lanka.

CEYLON WHITE PEPPER

100G

CEYLON TRUSTED QUALITY PRODUCT

Ingredients:

High Quality Ceylon White Pepper

Product Description:

White pepper, like black pepper, is made from the berries of the pepper plant, also known as the Piper nigrum. Unlike black pepper, however, white pepper comes from berries that are picked at full ripeness. These berries are then soaked in water to ferment. Finally, the outer layer is removed leaving only the inner seed. Because the skin is removed, some of the flavors is taken, including the pipeline. As a result, white pepper tends to be milder than black pepper. While black pepper is far more common in American kitchens, using white pepper in light-colored dishes for visual appeal is a tradition that originated in French cooking. It's also common in Chinese, Vietnamese, and Swedish cooking as well.

Buddhi Products are one of the Largest White Pepper Suppliers and Exporters. We Export the Finest Quality White Pepper with a Wide Range of Grades and Specifications as per International Market Standards. We are frequently exporting whole White Pepper from Sri Lanka.

CEYLON WHOLE CARDAMOM

100G

CEYLON TRUSTED QUALITY PRODUCT

Ingredients:
Pure Ceylon Green Cardamom

Product Description:
Green cardamom is the dried fruit (capsules) of Elettaria cardamom tree which belongs to the family Zingiberaceae. Ceylon green cardamom is important due to its distinct sharp flavor and a stirring aroma. With application of traditional cultivation skills and processing techniques in spice-based crops, Sri Lanka produces high quality green cardamom to the market with unique qualities.

This main production of Sri Lanka cardamom comes from central hill of the country. Kandy, Matale, Kegalle, Nuwara Eliya, Rathnapura and a part of Galle are known as major growing areas.

CEYLON WHOLE GARCINIA

100G

CEYLON TRUSTED QUALITY PRODUCT

Ingredients:
High Quality Ceylon Garcinia

Product Description:

It is a medium evergreen, shade-loving, relatively slow growing tree naturally found in the local tropical rainforests of Sri Lanka. The tree is small to medium sized with horizontal or drooping branches. Its bark is blackish and rough with dark-yellow latex. The leaves are dark green, relatively thick and shiny. The leaves grow to be 5-13cm long and 2-8cm broad. Garcinia flowers are white blooms from February to April. The fruit is yellow, purple or red with 7-13 very deep vertical grooves. The flesh of the fruit is mild to distinctly acidic. Six to eight seeds, 2.5 cm long and 1.6 cm wide cling to the flesh of the fruit. Garcinia has been used in Sri Lanka since ancient times for culinary and medicinal purposes. The young Garcinia fruits are green in colour and it will gradually turn yellow when ripe. Once fully ripe, fruits are collected, cut in half, deseeded and sun-dried for a day. The sun-dried fruit halves are smoked till black, and are rubbed with a mixture of salt and oil before transferring to earthenware pots and tightly sealed. These will stay fresh for years.

Pure Ceylon handmade Black Pepper Powder

Product Description:
Hailed as the king of spices Pepper (Piper nigrum), is the most consumed spice in the world. Sri Lanka's production of Pepper, particularly favored worldwide as it is quite rich in piperine, satisfies only 2% of the global demand for pepper. Ceylon Pepper, richly aromatic, with floral and citrus notes is harvested when green and sun-dried, concentrating the rich essential oil. Ceylon Pepper powder is ideal for finishing touches on dishes, to add pungency and aroma to meat, fish and vegetables. Carefully hand-picked at peak maturity, our Ceylon Black Pepper berries undergo a meticulous process to ensure optimal taste and potency. After harvesting, they are sun-dried to perfection, allowing their flavors to develop fully. Once dried, the berries are expertly ground into a fine powder, preserving the essential oils that give black pepper its distinctive aroma and robust taste.

Ingredients:

Pure Ceylon Handmade White Pepper Powder

Product Description:

Made from carefully selected white pepper berries, this premium powder undergoes a meticulous production process to ensure exceptional quality and purity. The pepper berries are harvested at the peak of maturity and are then sun-dried to preserve their natural essence. After drying, the outer black husks are removed, leaving behind the ivory-colored kernels that are ground into a fine powder.

Ceylon White Pepper Powder offers a distinct flavor profile that sets it apart from black pepper. It possesses a milder and less pungent taste, allowing for a delicate yet flavorful addition to a wide range of dishes. Its subtle heat and floral undertones make it an excellent choice for enhancing soups, sauces, marinades, and creamy dishes without overpowering the other ingredients.

CEYLON WHOLE COFFEE BEANS

100G

CEYLON TRUSTED QUALITY PRODUCT

Ingredients:
Pure Ceylon Coffee Beans

Strength: Medium Roast

Product Description:
Medium-Roast coffee made with Single-Origin Ceylon Arabica beans, grown in the serene highlands of Sri Lanka. Each bean that goes into the making of Soul Coffee has been sustainably farmed by local small-holder farmers, through shade-grown cultivation. These beans are carefully handpicked by skilled farmers who have mastered the art of selecting only the ripest cherries. They are sun-dried to perfection, allowing them to develop a complex flavor profile that is rich, smooth, and well-balanced. To maintain the freshness and flavor, our Sri Lankan coffee beans are carefully roasted in small batches by experienced roasters.

Tasting Notes:
A velvety smooth coffee with faint notes of almond, a floral aroma, and the perfect balance of body and acidity makes this the perfect choice to start your day.

CEYLON VANILLA BEANS

BUDDHI PRODUCT

100G

CEYLON TRUSTED QUALITY PRODUCT

Ingredients:
Pure Ceylon Vanilla Beans

Product Description:

Vanilla is the second most expensive spice in the world. It is the only orchid variety that is used as a food additive. Sri Lanka cultivates Bourbon vanilla or Bourbon-Madagascar vanilla derived from the *Vanilla Planifolia* species of vanilla orchid. Cultivations are mainly confined as home garden crops.

Vanillin (C₈H₈O₂) is primarily an ingredient in Vanilla that is responsible for the characteristic flavor and smell. Sri Lankan vanilla contains approximately 1.5% vanillin content. It offers a gentler flavor and smokiness compared to other vanilla varieties.

What sets Ceylon Vanilla Beans apart is their unique terroir. The tropical climate, fertile soil, and ideal growing conditions of Sri Lanka impart a distinct and nuanced flavor to these beans. The result is a vanilla with complex notes of caramel, chocolate, and delicate hints of fruit, making it a versatile ingredient for both sweet and savory culinary creations.

Ceylon Vanilla Beans are prized by chefs, bakers, and connoisseurs for their exceptional quality and exceptional flavor. They are perfect for infusing into creams, custards, and sauces, as well as enhancing the taste of ice creams, chocolates, and baked goods. With their natural sweetness and enticing aroma, these beans elevate any recipe to new heights of culinary excellence.

We take great pride in sourcing our Ceylon Vanilla Beans from sustainable and ethical farms in Sri Lanka. By supporting local farmers and promoting responsible agricultural practices, we ensure that every bean you purchase has been produced with care and respect for the environment.
