公司简介 / Company profile

宏迪公司是极具竞争力的塑胶模具，压铸模具及注塑产品生产企业。在制造方面具有丰富的工作经验，拥有一批高素质的专业队伍，公司本着“专业、品质、创新”精神，为您提供高效的服务。同时，公司为配合国家的号召，推出绿色生产，爱护地球的理念，引进国内外最先进的生产设备，在节能减排方面得到良好应用。同时把控好产品质量视为公司生存之道，也是公司一路向前的方向。

未来，公司在引进人才及技术方面将进一步提升，迎合日益革新产品开发、生产，以满足广大客户的要求。

Hodi is a very competitive plastic mould/die casting mould/injection part. With rich working experience in manufacturing, we have a group of high-quality professional team. In the spirit of "professional, quality, innovation", we provide you with efficient services. At the same time, in order to meet the call of the country, the company launched the concept of green production and caring for the earth, and introduced the most advanced production equipment at domestic and overseas, which has been well applied in energy conservation and emission reduction. At the same time, to control the product quality is the way for the company to survive and the direction for the company to move forward.

In the future, the company will further improve the introduction of talent and technology, to meet the increasing innovation of product development, production, to meet the requirements of the majority of customers.

CNC machining center / 加工中心

eight advanced CNC machines,
all machines are purchased or updated within 5 years.
一共有8台CNC加工中心，所有的机器都在5年之内采购的。

7 EDMs in all, 2 of them are mirror EDMs
一共10台火花机，其中2台是镜面火花机

Sinker EDM center / 放电加工中心

Engineering Department

Hodi Mould builds a strong and powerful team of engineers, and all of our engineers have all the know-hows about USA and Europe standard of mould industry, such as DME and Hasco.

We use officially-licenced UG/Autocad to do mould flow analysis and design work, including 2D and 3D.

Work with Hodi Mould, we can help you all the way through the beginning conception to product development, mould construction and final part molding.

宏迪模具拥有一支强悍的工程师队伍，我们所有的模具工程师都熟悉美国和欧洲的模具标准，比如DME和HASCO。

我们使用的是官方授权的正版软件UG和AutoCad，做模流分析和模具设计，包括3D和2D。

与宏迪合作，我们可以一路相伴，从概念开始，到产品设计、模具制造、到最后的注塑成型。

/包胶模

Insert Mould / 模内注塑

Aluminium die cast / 压铸模

- 1 ▶ Use thin film to wrap the whole injection mould 2 ▶ Then put the mould into a vacuum bag
3 ▶ After, the mold is put into a wooden box 4 ▶ Finally, use steel belt to solid the wooden case

Project procedure / 项目程序

Customer RFQ: Request for quotation with product drawing, sample or just concept.

Quotation: Issue quotation within 3 days.

Order confirmation: project kicks off upon receipt of deposit.

Layout Assembly drawing: 3-5 days for layout drawing.

Drawings final confirmation: Drawings are final confirmed by customer.

Schedule: follow up the time line customer request.

Mold Manufacture: Mould manufacture on schedule

Mould Trial running and samples submitted:

Mould trial running on schedule, and samples are submitted with a detailed inspection report.

Samples confirmation: after inspected final samples according to specifications customer make a confirmation.

Packing: Tooling finished and packed due to standard package.

Delivery: paperwork and a CD of assembly drawing are sent to customer at the time of the shipment of the mould.

We are ISO9001 certified

QUALITY

is in our DNA. Everything we do, we do it for quality.
我们把质量看得比生命更重要

WE have a list of qualified suppliers, such as mould base supplier LKM, mould components from LKM,DME, Hasco, Misumi and so on, cavity and core and slide core and angle lifter steel supplier from Assab, Hitachi and so on. We also purchase mold base, mold component, and steel from the supplier pointed by customer. Besides, for each project, our company will appoint a program manager to ensure quality.

我们备有一份合格供应商清单，比如模具供应商LKM，模具配件供应商LKM、DME、HASCO和米思米等，型腔和滑块斜顶钢材供应商一胜百，日立和大同等。我们也可以从客户指定的供应商采购模架、模具配件和型腔钢材。

此外，为了确保质量，我们会为每一个项目配一名项目经理。

2D projector / 2D 投影仪

3D coordinate measuring machine
/ 3D测量仪

Digimatic height gage
/ 数显高度尺

Besides, we also have digimatic calipers, vernier calipers, digimatic depth gage, gage block, radius gage and so on.

此外，我们还拥有数显卡尺、游标卡尺、数显深度规、量块、半径规等。
