

Sagar maintenance

Company profile

Sagar Maintenance is a leading export-import company that operates out of Rajkot, Gujarat, India, founded by Sagar Tanti. We are a government-certified company that has been in this field for a considerable period of time. Our primary objective is to provide our customers with high-quality, fresh, and hygienic products while expanding our business with the support of our well-qualified staff and valuable clients.

We specialize in global exports, on-time delivery, and maintain qualified teams in each of our departments, including manufacturing, packing, testing, and dispatching. At Sagar Maintenance, we prioritize customer satisfaction and go above and beyond to exceed their expectations at every turn.

We take pride in being recognized for our superior services and our commitment to delivering reliable and efficient solutions to our clients. Our reputation is built on our attention to detail, quality control measures, and our ability to provide unparalleled service to our customers. Choose Sagar Maintenance for a dependable and stress-free experience in the import-export industry.

Product origin India

Minimum Order Size Buyer Requirements

Packaging as buyer Requirements

Turmeric or haldi, is one of the most widely used spice on the Indian subcontinent with a history of atleast 4500 years. In its raw form, it is used in ayurvedic medicines, food and dyeing processes while in its powdered form it is used as a part of cooking, worshipping, decorating and celebrating. It is an antibacterial powder that can be applied on open wounds. Turmeric contains Curcumin - an Anti-Cancer agent with numerous other powerful health benefits. Organic products India have Turmeric fingers with 2 to 5% Curcumin.

Organic Products India is one of the leading turmeric powder & fingers manufacturers, suppliers and exporters throughout the world
