Catalogue

# We Start

## our world season ...

24 Hours is an Iranian energy drink with delicate taste and a sophisticated image. Over the years, we have gained great success in the Iranian market. We produce energy drinks using the most up-to-date technologies and ingredients of high quality. 24 Hours Energy Drink is **licensed under the frey & Lau German Company**. 24 Hours Energy Drink contains the water-soluble B-group vitamins niacinamide (vitamin B3), pantothenic acid (vitamin B5), vitamin B6 and vitamin B12.

Based on the experience, success and perfect feedback we have gained from the market of our products, we take one step further, enter the global market.

our vision is to bring the passion and spirit of Persian to the global market with unique and distinctive products, inspired by Iranian industrial design.

# We Share Our Experience

We have well equipped production lines and delivery capacity with the ability to produce 100 million export products per year.

Continuous improvement in quality and increase in customer satisfaction is one of the most important goals of our collection, to achieve this, our products are made in production lines where IMS QMS are established.

In general, 24-hours energy drink has ohsas18001, ISO14001, ISO 9001, ISO 22000 and HACCP certificates.

This enables us to build strong and stable business relationships in different dimensions and conditions. such as:

- product supply
- Granting agency
- production of private label products

We are ready to conclude a contract and create new cooperation opportunities in various forms.
