Gyra Food & Beverage works in farm to export model. This venture is started by alumnis of esteemed universities like NIT Rourkela and IIM Kolkata

We work as sourcing partner with farmers for clients to source best quality agri product required by them. We both act as sourcing partner for importers and buying agent for few buyers. Majority of our B2B customers are distributors/wholesalers, companies and trading agencies who are involved in import and export.

Also we work as buying agent for few of our customers to help in their sourcing requirements, i.e, to help in buying best quality products in affordable price. Here our main object is to facilitate the large scale bulk order for our buyers and facilitate a long term business contract & to create a win-win situation for both buyers and seller
