

ABOUT US

Established in 2014, Shenzhen OBS Technology has been always focusing on providing healthier and innovative devices to vapers. We aim to be a professional, reliable, loyal partner for the E-cigarette industry. We have always been adhering to the core objective of customer first, quality first.

Our History

OBS is the first company to launch the Top-Side-Refilling tank and the world's first fingerprint vape kit. We have the star products such as Engine Tank Series, Crius tank and Cube kit, etc., we provide many classic RDA, RDTA, and Sub Ohm atomizers and MTL/DTL vape kits.

We started our disposable vapes in 2020 and we are delighted to provide OEM & ODM service to our clients and customers. In 2022, OBS became the licensed vape manufacturers in China.
