PT. ASASTA CHARCOAL ADIJAYA

Our Vision

Becoming a company as well as a business actor who is ready to play a part in fully supporting Indonesia's natural resources [charcoal briquettes] as well as fulfilling all consumer demand both at local and International market.

CEO | Adi Putra Rizkillah

"Indonesia has a lot of natural wealth, I'm a child of nation with pleasure to build ACA so that it can help support economic growth by exporting commodities in Indonesia, Especially Charcoal Briquettes [Coconut Shells]."

Our Mission

1. introduce Indonesian natural resources to the international market.
2. Fulfill and be ready to compensate for required requests.
3. Become a company that has good quality charcoal briquettes, high level and beneficial.
4. Become a friend of buyers to introduce the natural resources of Indonesia.
5. Have an added value that is appreciated by all briquette supply companies and individuals.

PT.ASASTA CHARCOAL ADIJAYA

01

Offering Product

We offer the Goods we sell to prospective buyers with excellent service, we also provide consultations for prospective buyers who don't really understand coconut charcoal briquettes. Using a good approach and the friendliness of our team makes potential buyers feel comfortable with our services.

02
