A BRAND WITH ENVIRONMENTAL RESPONSIBILITY

Our experience is backed by a trajectory of more than 75 years in the graphic industry, providing integral solutions. Our business group opens to the market BOLPACK COLOMBIA, a new business with ecological packaging options in paper and cardboard, with a value proposition offering sustainability and accompanying our clients in the development and strengthening of the brand.

We have a production plant in the port city of Barranquilla with more than 2.400 m2, machinery with advanced technology, and great national and international strategic allies.
