BARRISTER MUMBAI GIN

The new member of BARRISTER GIN family is an oriental-style spiced MUMBAI GIN. For its production in addition to juniper and lemon peel we use a set of Indian spices distilled separately:

- Cardamom
- Cumin
- Nutmeg
- Allspice
- Almonds
- Black and cubeba peppers

But the main accent comes from **quinine** which allows to use club soda water instead of tonic water to have a real low-calorie version of Gin&Tonic

Perfect serve

BARRISTER ARTEMISIA ABSINTHIUM GIN

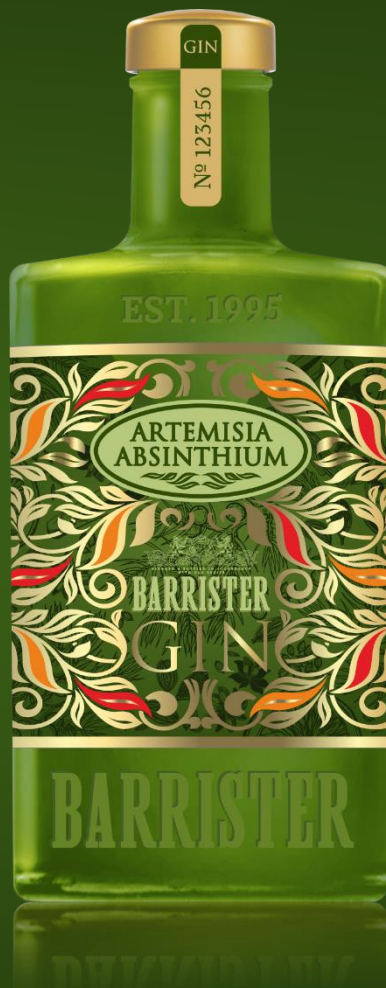

SMALL BATCH BOTANICAL EDITION

Latin name of wormwood – Artemisia Absinthium - means “health giving” and healing power of this precious plant were known by Ancient Greeks to Tibetan monks and Egyptian priests. Wormwood is still the main component of malaria pills. Full of myths and legends the Artemisia certainly has magic power. Some says, it makes your shadow glow in the dark, if mixed with alcohol. This green deep color gin was created to highlight the aroma and taste of wormwood and peppermint.
