

Commodity Trading International, LLC.

Bridging the Gap.

CTI, LLC is more than just a commodity trading company. We serve as a bridge between buyer and supplier, working to ensure a smooth transaction that benefits both parties.

As an integrator, CTI, LLC brings together buyers and suppliers from around the world in a seamless, transparent process that takes the hassle out of trading.

Our global network of suppliers gives us access to a diverse range of commodities, while our experienced team works to ensure that buyers receive the best possible prices and quality.

Whether you're a buyer or a supplier, CTI, LLC has the expertise and resources to help you succeed.

Our vast network of suppliers and customers allows us to provide products that meet the demands of the most challenging environments, at competitive prices.

CTI, LLC offers a complete range of products including:

- Gasoline & Diesel.
- Jet Fuel.
- Biodiesel.
- Fuel additives.
- Lubricants.
- Lubricant additives.

We pride ourselves on our expertise in delivering customized, high-quality solutions, with exceptional customer service.

Some of the key benefits of working with CTI include:

- Access to a global network of suppliers and customers with over 600 all over the globe.
- Quality products and competitive pricing.
- Expertise in energy-related commodities.
- Superior customer service.
