Doors

Tejas Exim Global specializes in manufacturing and exporting high-quality steel doors.

- Steel Doors & Fire Proof Doors
- General Purpose Steel Doors
- Duct Doors
- Eco Series Fire Doors

■ Who We Are

As a distinguished manufacturer and exporter headquartered in Navi Mumbai, Maharashtra, Tejas Exim Global has emerged as a frontrunner in the steel door industry. Established with a strong commitment to quality, our pan India presence is complemented by global reach, delivering our precision-crafted steel doors worldwide. Since our inception in 2020, we have tirelessly expanded from a singular focus on steel doors to a multi-product enterprise, catering to diverse construction needs.

■ Why Choose Us

Operating from our state-of-the-art facility in Navi Mumbai, equipped with cutting-edge technology such as Laser Cutting, CNC Bending, Hot Press, and Honeycomb Expander, we boast a production capacity of over 50 doors per day.

■ Our Vision And Mission

Tejas Exim Global stands as a symbol of quality, reliability, and innovation in the steel door manufacturing and export landscape, offering clients worldwide access to our meticulously crafted products, setting new benchmarks in the construction industry.

■ What We Do?

Tejas Exim Global specializes in manufacturing and exporting premium steel doors from our advanced facility in Navi Mumbai, catering to global construction needs with precision, innovation, and superior quality.

ready for dispatch**

Steel Doors

Steel Doors

Steel Doors

Steel doors excel in strength, durability, and aesthetics, surpassing expectations. Offering four times the security of wooden doors, they're crafted from termite-resistant steel, backed by an optional 5-year warranty.

Steel Windows

Steel Windows

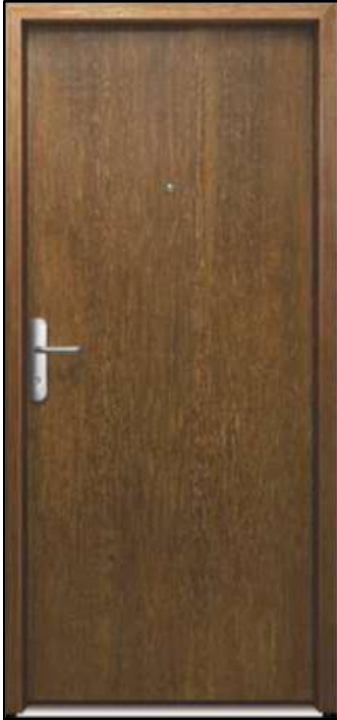

Steel Windows

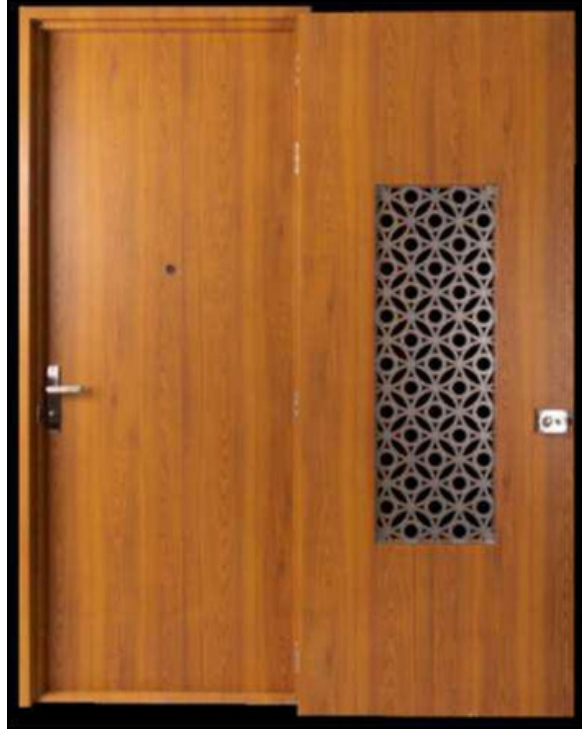

Steel windows surpass alternatives in durability and life cycle, boasting three times the strength of aluminum. Our fully openable windows come with an optional security grill and mosquito mesh, available in diverse RAL shades.

Smart Steel Doors

Smart Steel Doors

**Wood Finish Steel
Door**

**Double Door
Wood Finish with
Grill**

**Fire Exit
Door**

Smart Steel Doors

Avante embodies a distinctive blend of steel's strength and wood's warmth, standing out with style, panache, durability, and longevity. This smart door overcomes common issues associated with wooden doors, offering resilience against seasonal jams, fire, termites, and cumbersome installation processes.

Architectural Solutions

Automatic Sliding Door System

Modular Glass Partition

Movable Wall System

In addition to steel doors, we provide automation and door opening solutions, including Automatic Sliding Doors, Movable Walls, and Modular Glass Partitions. Our offerings extend to top brands like Geze and Assa Abloy. Catering to the architectural and construction sectors, we offer a comprehensive range of services from door and hardware scheduling to supply and installation.
