## MAYFAIR LONDON DRY GIN | THE FLAGSHIP

---

*BLOOD AND JUNIPER. THE SECRET BEHIND MAYFAIR GINS.*

The craft skills that are evident in every Mayfair gin seem to be genetically determined. Charles Maxwell, our London-based master distiller, is the sixth-generation family member to have plied this honourable trade. Nothing can hone someone's abilities quite like three centuries of previous experience.

The range of Mayfair gins comprises three products, each displaying a healthy reverence for the finest juniper.

Source a few simple yet high-quality ingredients. Then leave them, in generous quantities, at the disposal of a true craftsman. That, in a nutshell, is the idea behind The Flagship from Mayfair.

### *THE FLAGSHIP | A Superior Classic*

*Our recipe comprises just five botanicals. There's an abundance of full-bodied juniper, of course. Its sweetness tamed by earthy orris. Coriander brings with it zingy, zesty citrus. Angelica imparts just the right amount of liquorice. And winter savoury herb makes the final, delicious contribution.*
