Note : ARB = As Received Basis ADB = Air Dried Basis DAF : Dry Ash Free Basis

This practice provides instructions for sampling only the outer layers of coal contained in a stockpile. The user is cautioned that sample so obtained do not represent material below the point of penetration. Since no precision can be assigned for the sampling performed, PT. Leon Testing and Consultancy will not be held responsible for any discrepancies in the re-sampling and/or analysis.

This certificate refers to sampling for quality analysis and sizing only and does not certify any other matters. It reflects to our finding at time and place of intervention only and is issued without prejudice.
