LiLiaMansion

Liabus Pte Ltd was established in 2021 during the height of Covid where fear and helplessness was overpowering.

As such, we created the brand 'LiLiaMansion' as part of our contribution to the world on how we can soothe feelings and achieve a sense of calm. We hope that every interaction with our products will feel like a warm embrace, letting our clients know that they are never alone in the world.

In the presence of this calming aroma, a gentle wave of tranquility washes over, effortlessly dispelling restlessness and fear. The power to calm the storm within, turning apprehension into a gentle breeze and fear into a whisper of serenity.
