How To Apply The Heat Transfer Label On Clothes?

Heat press machine

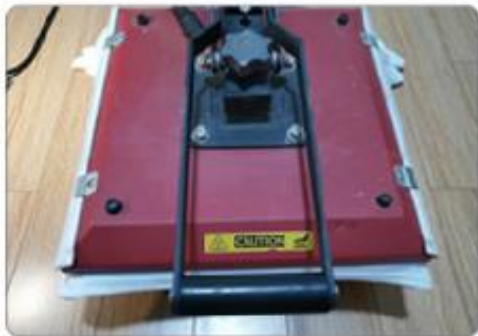

1. Set heat press machine parameters

2. Clothes lay flat on the ironing board

3. Place the heat transfer

4. Press down for 8~12 seconds

5. tear off the film

6. Beautiful pattern presentation

Electric iron

1. Clothes are tiled

2. Adjust iron parameters
do not use steam

3. Iron back and forth for about 10 seconds

4. If there is warping
it needs to be re-pressed

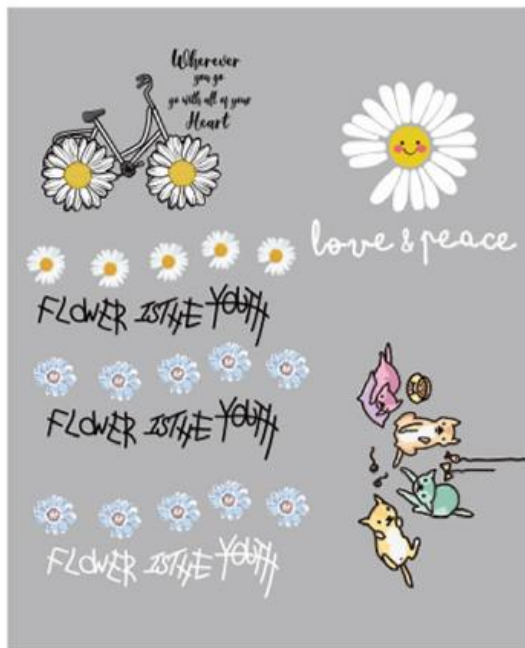

5. tear off the film

6. Beautiful
pattern presentation
