ABOUT US

Established in 2024, Naraf Charcoal is a manufacturing company that produces quality coconut shell briquettes. We offer an all-in-one charcoal briquette product that provides the highest quality master box, inner box, plastic, and charcoal. Any size and quality as per your request.

We take pride in our unwavering commitment to guarantee the quality of our charcoal. Behind every kilogram of charcoal we export, there is an unshakable dedication to ensure customer satisfaction. We offer high-quality charcoal designed to provide long-lasting and consistent burning, so our customers can trust our products for every use. With a focus on quality, innovation, and customer focused.

VISION

To be a leading charcoal exporter that provides innovative solutions for employees and customers by delivering world-class charcoal.
