- Growing abundantly in the fertile alluvial plain of the Mekong Delta, the coconut tree is hailed as "The Tree of Life" in this region. The coconuts harvested from here are inherently sweet and offer numerous health benefits. Brimming with electrolytes, vitamins, and minerals, Vietnam's natural coconut water presents a naturally refreshing beverage with a delightful blend of sweetness and nuttiness.

”

- We carefully select only the finest coconuts harvested from the bountiful Mekong region to create Halos Coconut Water. Utilizing state-of-the-art manufacturing and rigorous quality control systems in our factory, we produce and export all-natural flavored coconut water products to destinations across the globe.
