

EAC TRANSFORMATÖR

EAC TRANSFORMER METAL INDUSTRY TRADE LTD. CO.

**QUALITY IN POWER,
CONTINUITY IN ENERGY!**

We Manufacture Special
Transformers in Various kW and
Voltages from 25 kW to 2500 kW.

High Performance, Uninterrupted Energy!

EAC TRANSFORMER

As EAC Transformer, with our many years of experience in the energy sector and our production facilities with superior technology, we produce special transformers of the highest quality, from 25 kW to 2500 kW, in various kW and voltages for every sector.

We aim to meet the energy needs of our customers in the best possible way by providing them with reliable, durable and efficient solutions. Our product range includes various transformer types suitable for the requirements of different sectors, and quality and customer satisfaction are prioritized in all our production processes.

We are proud to be your leading solution partner in energy transformation with our strong infrastructure and expert team.
