A woman with long dark hair and hoop earrings is smiling at the camera. She is wearing a white t-shirt with a small logo on the left chest that reads 'BUDS BEAR'. The background is a blurred industrial setting, likely a garment factory, with sewing machines and spools of thread visible.

**BUDSBEAR CUSTOM APPAREL**

## DTF Printing

Printing your design directly onto a film and then transfer it to fabric. Ideal for complex designs including graphics or images.

## Screen Printing

Printing process of transferring a stencilled design onto a flat surface using ink to fabric directly. Ideal for simple graphics like logo or small designs.

# Custom Clothing on Demand

## Puff Printing

Form of screen printing that utilizes specialty ink mixed with a foaming agent activated by heat, ink expands then. Ideal for letter designs or simple logos.

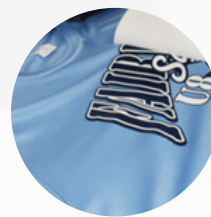

## Heat Printing

Method of printing that allows you to print a design onto a fabric from an image from paper using heat. Ideal for complex designs or images.

## Embossed Printing

Creates raised, tactile designs on fabric by pressing the material, adding a textured, three-dimensional effect. Ideal for simple logos or designs.

## Embroidery

Adding intricate, raised designs to custom clothing using thread stitches, creating durable, textured patterns. Ideal for small logos or designs.
