

Connecting Business Beyond Borders

Verità Global is a business intermediary company that stands out in both national and international markets, with its headquarters in Northeastern Brazil and a representative office in São Paulo. Founded by two prominent professionals, lawyer Júlia Queiroz, with over 15 years of experience, and business consultant and law graduate Thais Barreto, the company was created with the purpose of providing efficient and personalized solutions for its clients.

Scope of Activity

1

Negotiations in Agribusiness

Connecting large companies to the best products and suppliers in the sector.

2

Negotiation of Securities

Facilitating secure and strategic transactions for clients.

3

Consulting and Credit Recovery

Providing specialized support to help companies recover funds and optimize their financial health.

4

Public Procurement

Assisting companies in navigating the complex landscape of public tenders and government contracts.

Commitment to Sustainability

Sustainable Practices

Verità Global aligns its operations and services with sustainable practices, ensuring that its business creates a positive impact on society and the environment.

Responsabilidade Socioambiental

The company aims to promote economic and socio-environmental development in Brazil and globally

Mission, Vision, and Values

Mission

To connect companies and markets efficiently and sustainably, offering strategic and personalized solutions that drive business, foster valuable partnerships, and contribute to economic and socio-environmental development in Brazil and worldwide.

Vision

To be a global reference in business intermediation, recognized for excellence, innovation, and commitment to sustainability, becoming the top choice for companies seeking to grow and thrive in national and international markets.

Values

| | | |
|-------------------------|-----------------------|----------------|

| Sustainability | Innovation | Customer Focus |
| Collaboration | Social Responsibility | Agility |

Suppliers

Verità Global works with carefully selected suppliers who hold certifications that attest to their quality and reliability. All business partners are highly trained to meet the demands of both national and international markets, with solid market experience and a broad presence in the global scene.

Products

Sugar

High quality, exceptional purity, intended for global export. We meet strict production standards and offer a variety of types: IC45, IC100, IC150, and IC200, which are classified based on their purity level and specific characteristics, catering to different preferences and needs.

Rice

A high-quality staple food, ideal for export. Our efficient and sustainable production ensures food security and environmental respect. Our sustainable farming contributes to a greener and more prosperous future for all.

Beef

Recognized as one of the largest exporters of high-quality beef. Our suppliers hold Halal certification, ensuring compliance with Islamic standards, expanding global reach. We offer full traceability, ensuring transparency and safety throughout the production chain, standing out for excellence.

Chicken and Chicken Paws

Committed to quality and food safety, ensuring excellent products for export. We use modern farms and advanced technologies, adhering to strict hygiene and animal welfare standards. We offer chicken with Halal certification and chicken paws.

Soy

Soy is the main agricultural product in our portfolio, known for its high productivity and superior quality. Intended for global export, it drives the Brazilian economy and significantly contributes to global food security. Our sustainable farming practices protect the environment and ensure long-term soil health.

Minério de Ferro

We offer high-quality iron ore, with large reserves and abundance, meeting the growing international demand. Our commitment to excellence and sustainability ensures product quality and environmental responsibility at every stage of the process.

Products Upon Request

Urea

It is one of the main fertilizers used in both national and international agriculture, playing a crucial role in food production.

Marble

Brazilian marble is highly valued in the international market for its superior quality and variety of types, textures, and colors.

Cotton

The cotton from our suppliers is known for its high quality, particularly its long and strong fiber, which is highly valued by the global textile industry
