

Artem Internusa PT.

About us.

Artem Internusa, PT. is an Indonesian based company which deals with the production of custom made furniture, woodworking, and interior designing. Supported by advance machineries and skilled woodworkers, we manufacture products ranging from classical to contemporary furniture.

Our company was established in 1992 in Bekasi, Indonesia. We have created to different customers both in foreign and domestic market ever since. Artem Furniture has continuously grown to become a collaboration of highly qualified team that excels in furniture craftsmanship; such as intricate wood carving and woodveneering, as well as furniture mass production for different customers. Because of its long standing credibility, the company has been trusted for numerous projects, producing furniture for various sites such as prestigious hotels, exclusive office space, apartments, lounge, restaurants, resorts, residences and other project alike.

Located in Indonesia, Artem Furniture has gained accessibility to some of the best selections of raw materials such as high quality mahogany, teakwood, nyatoh, sungkai and many other local woods. In every level of production, the company undergoes a rigorous process of quality control to ensure product's durability, design and presentation. The management has taken a serious measure to assure the whole production process will be done according to our standard.

One of our crucial philosophies in doing business is to always emphasize delivery dependability. We pride ourselves in our punctual deliveries as well as our consistency in meeting customer's demand both in quantity and specifications. Since most of our clients are business entities as well, we feel very obligated to protect their business interest by delivering goods precisely on the terms that had been agreed on.

Our experience in the industry has given us the ability to adapt. This includes the flexibility to anticipate adjustment in a specific project location when needed. Artem designers are also able to assist modification of product design or interior concept to accomplish an optimum solution. Furthermore, Artem Furniture also fully welcomes custom-made orders designed by other parties such as independent interior consultants.

To achieve an absolute customer satisfaction, we always strive to improve our method of production, customer service, standard of operation and most importantly, maintaining integrity as our core value.
