Hibiso Iced Tea

It is extracted by combining red hibiscus roselle fruit and fresh red perilla leaves, a valuable herb in traditional medicine.

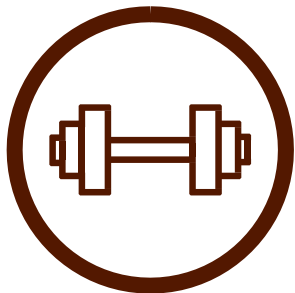

Improves symptoms of insomnia and improves sleep quality

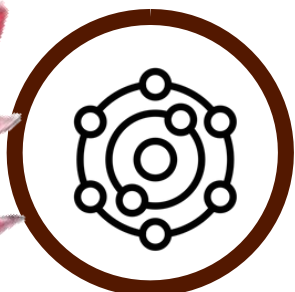

Improves immunity, prevents and relieves colds

Rich in Omega-3, alleviating skin problems

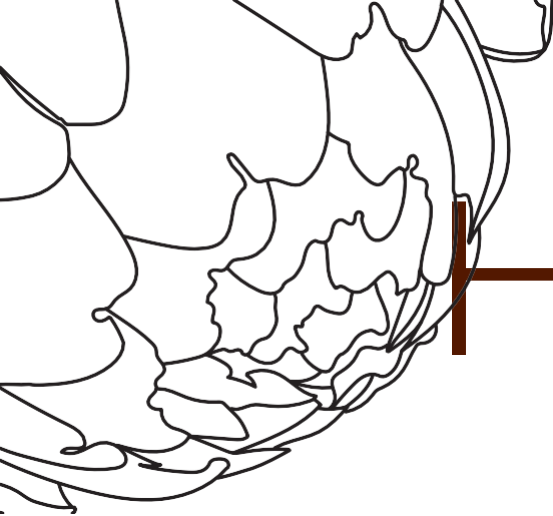

Replenish energy and cool down during exercise

Antioxidant effect

How to drink

Mix 12g of 1 sachet with 180ml of hot water.

It goes well with honey and lemon.

For 12g bag, add 150ml of water and add ice.

Eating it with ginseng and jujube is good for your health.

Vietnamese red perilla leaf story

Red perilla leaves are grown and harvested directly by people living in Vietnam.

The extraction process, including maintaining the high quality oil, is under strict staff control.

After forming the high-quality oil into powder form, it is packaged.

Quality and hygiene are always checked by experts before products are released to the market.

We export to Canada, UK, Germany, Australia and Korea.
