

Neshes Fresh

Excellence in Quality, Freshness
across Borders.

Neshes Fresh a Neshes Global & Rifa Impex Joint
venture

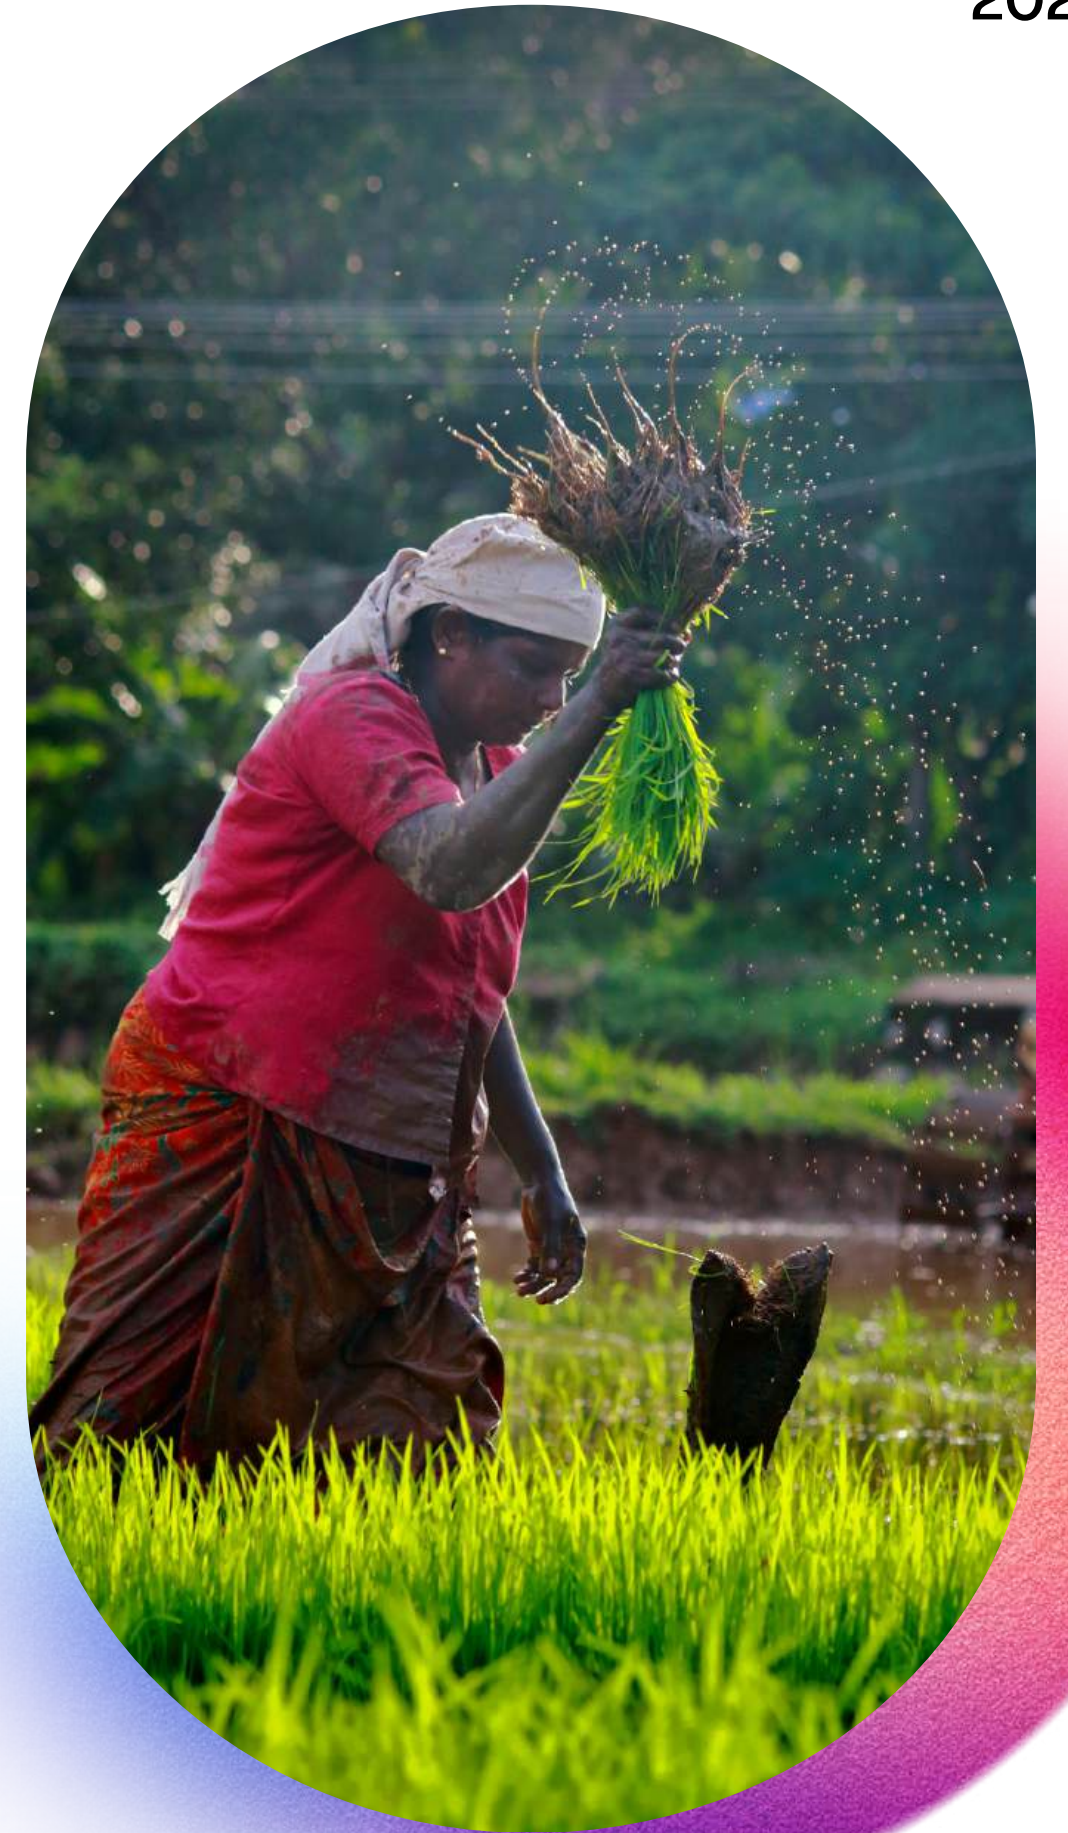

About Us

Rifa Impex a Neshes Global partner is a well-established export firm based in Bangalore India specialising in the export of fresh fruits and vegetables to international markets. Neshes Global and Rifa Impex together joined force to provide even greater service to companies worldwide. With over 20 years of experience, the company has built a strong reputation for supplying high-quality produce to destinations such as Maldives, Sri Lanka Singapore, and Dubai.

Founded and led by Mr. Khalid Hussain, the company has consistently maintained a high standard of product quality and customer service. Under Mr. Hussain's leadership, We has grown from a small venture to a recognized name in the export business. With vast industry experience, commitment to excellence, and understanding of global market demands have enabled the company to expand its operations while ensuring timely deliveries and client satisfaction.

We sources a wide variety of fresh fruits and vegetables, meeting international standards for safety and quality. By establishing long-term relationships with suppliers and buyers alike, the firm has become a trusted partner in the supply chain for fresh produce in several key international markets.

With a focus on quality control, efficient logistics, and customer-centric policies, We continues to thrive as a major player in the export industry, providing premium produce to its global clientele.

Our Mission

01.

Streamlining Procurement, Maximizing Value: Our mission is to revolutionize the way businesses acquire goods and services by providing a seamless, end-to-end procurement solution. We leverage cutting-edge technology, strategic sourcing expertise, and a global supplier network to optimize cost savings, enhance operational efficiency, and drive sustainable value for our clients.

02.

Empowering Intelligent Procurement Decisions: At our core, we are committed to empowering businesses with data-driven procurement intelligence. Our mission is to equip organizations with real-time market insights, advanced analytics, and tailored procurement strategies that foster informed decision-making, mitigate risks, and unlock competitive advantages.

03.

Transforming Procurement, Delivering Excellence: Our mission is to transform the procurement landscape by delivering innovative, scalable, and customer-centric solutions. We strive to redefine procurement excellence by combining deep domain expertise, process optimization, and cutting-edge technology to create a seamless, transparent, and value-driven procurement experience for our clients.

04.

Sustainable Procurement, Responsible Growth: We are dedicated to promoting sustainable and responsible procurement practices that drive positive social, environmental, and economic impact. Our mission is to assist organizations in building resilient and ethical supply chains, fostering supplier diversity, and contributing to a more sustainable future through our comprehensive procurement solutions and advisory services.

Why Us

01.

Bangalore's Kempegowda International Airport (BLR) is an ideal export hub due to its strategic location in the South Indian peninsula and its robust BLR Cargo facilities, which connect to major markets across Asia, Europe, the USA, and the Gulf.

02.

Bangalore Cargo is a leading hub for perishable goods exports thanks to its extensive cold-chain facilities and infrastructure.

Exporters dealing in fresh produce, flowers, and seafood can rely on BLR's well-managed logistics to maintain the quality and freshness of their goods.

03.

Advanced Cargo Infrastructure:

- Temperature-controlled storage for perishable exports such as fruits, vegetables, flowers.

- Specialized handling zones for quality control and exceptional packaging.

- Express cargo terminals that cater to urgent shipments, ensuring quick customs clearance and faster delivery times.

- These facilities are tailored for efficient cargo processing, enabling businesses to meet global demand with minimal delays.

04.

24/7 Operations and Efficiency:

- BLR Airport offers 24/7 cargo operations, ensuring that businesses can meet global deadlines without interruptions.

- The airport has a reputation for fast customs clearance and minimal downtime, reducing the time it takes for goods to be exported and delivered.

How we make things happen.

Services we provide here at Neshes Fresh

Farming and Growing

We work with a network of farmers with over 70 Farms across the India.

Customer Focus

We are passionate about delivering exceptional customer service and value. Our aim is to always exceed everyone's expectations for quality and value.

Delivery & Logistics

A dedicated in-house team manages our own extensive fleet of vehicles, supported with additional capacity through back haul and consolidated groupage, to ensure smooth running of our global supply chain.

Sustainability

We work with our own growers and suppliers both in the India and overseas to consider their water and soil security, and pesticide usage to reduce both food waste and their environmental impact.

Technologies & Processes

We continually invest in new technologies and processes in our packhouses and farms to ensure our operations are as efficient as possible.
