

Henomy

Surgimed LLP

Innovating Healthcare essentials solutions for your Loved One's wellness.

Henomy Surgimed LLP was established With a vision to nurture health and usher in a new era of a prosperous and healthy society.

Henomy Surgimed LLP believes in catering to the needs of its customers through best-in-quality products. We firmly believe that in health, there can be no compromises. This philosophy shapes our mission and primary objectives.

Henomy Surgimed LLP is committed to serving mankind with the highest quality disposables at prices affordable to all. Customer satisfaction is our mantra.

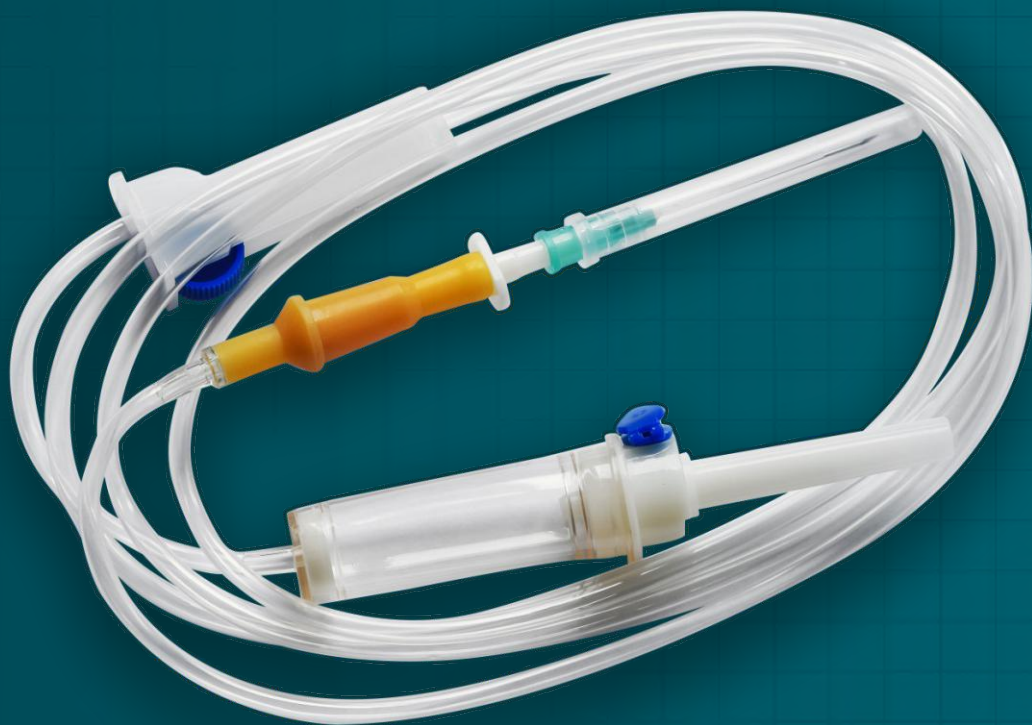

- Verify that our services and products meet agreed requirements.
- Benchmark, Monitor, and continuously improve our business, products, and services.
- Enhance Organization and employee's performance.
- Endeavor to achieve our Mission and Goals.

We Have Years Of Experience In The Field Of Pharmaceuticals.

Due to the assistance of our capable and experienced team members, we are engaged in providing excellent quality products with different specifications. purpose which have turned up to be the most preference of our valued patrons include:

- **Positive records**
- **Wide distribution network**
- **Experienced professionals**
- **Competitive prices**
- **Timely delivery**

Infusion Set

IV Infusion Set with Tube Latex

Salient Features :

- ✓ Non vented, 13 mm chamber
- ✓ 2.1 mm 1500 mm kink-free PVC tube
- ✓ 21 G 1.25 inch needle
- ✓ Stream controller to screen the progression of IV fluid going through the dribble.
- ✓ Tube latex, leur slip
- ✓ HM pack, ETO sterilised
- ✓ Transparent & Flexible drip chamber clear visualization of accurate flow rate
- ✓ Integrated small micron fluids filter removes
- ✓ potential contaminants

Infusion Set

IV Infusion Set Airvent with "Y" Connector

Salient Features :

- ✓ Y-site for convenience of admixture injections
- ✓ Luer lock ABS material
- ✓ E.O. Sterile
- ✓ With or without Needle size 21G
- ✓ DEHP free infusion lines softened with non phthalate plasticizer reduces phthalate related toxicity ensuring greater patient safety.
- ✓ PVC free flexible drip chamber for easy and fast priming (drop rate 20 drops / mL)
- ✓ Clear universal spike is compatible with all kinds of I.V. bottles
- ✓ Product is universally suitable for gravity feed as well as for pressure infusion up to 2 bars.
- ✓ Clinical grade polymer, adaptable long trickle chamber with Air Bay with snap on cap.
- ✓ Smooth crimp safe cylinder and Large Roller regulator for better stream control.
- ✓ Helps in preventing Healthcare Associated Infections (HAI)

Infusion Set

IV Infusion Set With Bulb Latex

Salient Features :

- ✓ Latex Free.
- ✓ Luer lock Connector.
- ✓ E.O. Sterile.
- ✓ Comprised of Clinical Grade Soft PVC.
- ✓ Spike with Air Vent (Non-Vented Likewise Available).
- ✓ The Trickle Set contains Drip Chamber and a Drip tube.
- ✓ Accessible in Different Premium Variations.
- ✓ Individually Packed.
- ✓ Premium Variations Are Packed in A Soft Blister.

Transfusion Set

Blood Administration Set

Salient Features :

- ✓ Designed for transfusion of blood or blood component.
- ✓ Moulded latex flush ball injection membrane for intermittent medication.
- ✓ Approximately 20 drops / ml.
- ✓ Self fixing bulb latex for additional drug to stay away from any defilement and simple flushing.
- ✓ Clear, transparent, soft kink resistant PVC tubing.
- ✓ E.O. Sterile.
- ✓ With 200 micron blood filter and 18 G hypodermic needle.
- ✓ Non-vented, deluxe roller clamp, 1500 mm kink-free PVC tube, bulb latex, luer slip, 18G needle

IV Cannula with Wings & Injection Port

Also Available in PUR : Polyurethane.

- ✓ Medical grade paper for Key packaging complying with standard ISO 868.
- ✓ We follow labeling standards – ISO 15223:2007 and graphical symbols as per standard EN 980:2008.
- ✓ We use only virgin plastic manufactured by reputed companies.
- ✓ We follow sampling standards as per ISO 2859:1999.
- ✓ Individually sterile & blister pack.
- ✓ Packing: 100/1000pcs per Inner /Master Carton.

Gauge	Colour	IN. Ext. (in mm)	Length (in mm)	Water Flow (in ml/minute)
14	Orange	1.6-2.1	45	270
16	Grey	1.3-1.7	45	180
17	White	1.2-1.5	45	125
18	Green	0.9-1.3	45	90
18	Green	0.9-1.3	33	90
20	Pink	0.8-1.1	32	60
22	Blue	0.6-0.9	25	36
24	Yellow	0.5-0.7	19	20
26	Violet	0.4-0.6	19	13

Pressure Monitoring Line

Salient Features :

- ✓ Manufactured from high quality medical grade PVC tubing, reduces the risk of kinking
- ✓ Tube having one end with male connector & other with female connector.
- ✓ Suitable for low pressure
- ✓ Accessible with DEHP Free Material. Sterile/Expendable/ Exclusively Pressed.
- ✓ All Size Accessible (Kink resistant PVC tubing, pressures up to 55 bar (800 psi))

**Henomy**

3 Way Stopcock

Salient Features :

- ✓ Specially designed three way stop cock with smooth rotation, suitable during pressure infusion and invasive blood pressure monitoring.
- ✓ Made up of clear, transparent polymer.
- ✓ Universal 6% male/ female luer taper facilitates leak proof connections with corresponding devices.
- ✓ Male luer lock with ergonomically designed rotating nut prevents accidental disconnection of the line.
- ✓ For pressure up to 4.5 bar 65 psi, 360 rotation, rotating male luer and two female luer connector.

3 Way Extension Tube

Salient Features :

- ✓ Extension line with three way stopcock at one end and male luer lock connector at other end. Three arm handle with arrow indication for smooth and easy operation.
- ✓ Soft, frosted and kink resistant PVC tubing. PVC tube; ID \varnothing 2.9 \pm 0.1mm; OD \varnothing 3.9 \pm 0.1mm for extension line.
- ✓ Limits chances of mechanical disease and aggravation by taking.
- ✓ Also available with "Y" injection port (latex or latex free)
- ✓ The coordinated three-way stopcock offers numerous imbue ment lines.
- ✓ Smooth inward surface to limit disturbance.
- ✓ Also available with DEHP free tube. Individual Packaging in Peel Open Pouch. E.O. Sterile.

Scalp Vein Set

Salient Features :

- ✓ A plastic hub consisting of one or two soft wings used to grip and secure the device
- ✓ A transparent flexible PVC tube
- ✓ A female Luer Lock fitting that can be blocked by a luer cap or by a multi-activated valve needle free connector.
- ✓ A protective sheath of the needle
- ✓ Repeated short-term injection and/or injection of small volume of drugs or blood derivatives
- ✓ Various Sizes are accessible.
- ✓ Siliconized, super sharp, tempered steel, angle tip needle.
- ✓ Needle length: 20 mm.

Measure Volume Set For Infusion

Salient Features :

- ✓ Suitable for infusion of measured volume of I V fluid
- ✓ Available size : 110 ml & 150 MI Drop rate – 60 drops/ml.
- ✓ Smooth roller clamp for easy adjustment of flow rate.
- ✓ 15 micron fluid filter inside drip chamber for filtration of foreign particles in the fluid.
- ✓ Transparent soft cylindrical measured volume chamber with making scale.
- ✓ Bacteria retentive air inlet to prevent air contamination.
- ✓ Needle : 23 G
- ✓ Nontoxic, pyrogen free disposable ETO sterile pack.

Measure Volume Set For Blood

Salient Features :

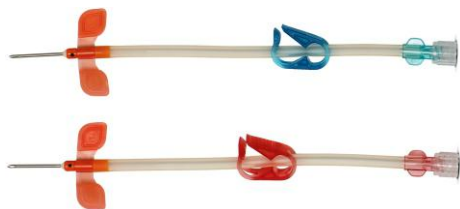

- ✓ Transparent and calibrated measured volume chamber for accurate measurement.
- ✓ Suitable for blood collection, sampling, testing, analysis, processing, and transfusion.
- ✓ Delivers about 60 droplets per milliliter for precise measurement.
- ✓ 150cm long, flexible, & kink-resistant PVC tubing for ease of use.
- ✓ Drip chamber with 15-micron fluid filter for improved filtration.
- ✓ Air inlet with bacteria filter and injection port incorporated within the chamber.
- ✓ Made from high-quality materials for maximum durability and safety.
- ✓ Sterile & individually packed for hygiene and convenience.

AVF Needles

Salient Features :

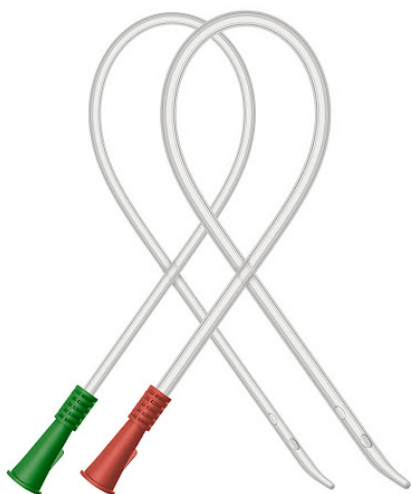

- ✓ Ultra-sharp, siliconized 3-bevel needle for smooth cannulation
- ✓ Available Configuration : With fixed/rotating wings, also available with DEHP free tube. Tube length: 15 cm, 20 cm, 30 cm
Sizes: 15 G, 16 G & 17 G.
- ✓ Ultra-thin wall for optimal blood flow
- ✓ Latex-free, BPA-free
- ✓ Textured, turnable or fixed, color-coded wings
- ✓ Plastic free, without bpa, sans dehp.
- ✓ Sterilization : Gamma

Nelaton Catheter

Salient Features :

- ✓ Sterile, non-toxic and pyrogen free
- ✓ Designed for short term bladder catheterisation.
- ✓ Made from medical grade thermosensitive PVC material. Non-irritant to delicate mucous membranes of urethra.
- ✓ Provided with two side eyes for efficient drainage.
- ✓ Presence of radio-obscure line all through the catheter tube.
- ✓ Provided with funnel shaped color-coded connector at the proximal end.
- ✓ With X-ray opaque line made out of tested and siliconised, non-toxic PVC material with smooth finish to prevent obstruction of lumen and trauma to urethra by abrasion.
- ✓ Accessible in male and female adaptations.

Urine Collection Bag (PREMIUM)

Salient Features :

- ✓ Urine collection bag is suitable for both male and female infants
- ✓ Available with bottle capacity 250/500 ml.
- ✓ These urine collection bags are sterile & individually packed
- ✓ With/without needle free sampling port.
- ✓ With T Type push valve for easy drainage.
- ✓ Hypoallergic adhesive is used for fixation to minimize the risk of allergy and injury.
- ✓ Kink resistant clear clinical grade tubing with 100 cm length.
- ✓ High quality clinical grade pvc sheet one side clear with opaque base for clear perceivability.

Urine Collection Bag (ECO)

Salient Features :

- ✓ One way non return valve.
- ✓ Universal connector made of Abs to fit with foley's.
- ✓ Foldable and adjustable hanger for long time uses.
- ✓ Kink resistant clear clinical grade tubing with 100 cm length.
- ✓ High quality Clinical grade PVC Sheet both side clear with clear perceivability.

Haemodialysis Blood Tubing Set

Medication Port

Drip Chambers

Color-Coded Clamps

Salient Features :

- ✓ Unique chambers are there which reduce foaming, increase air removal & do not trap EPO (Erythropoietin). This helps in ensuring secure machine fit and less incidence of wet out.
- ✓ Exhibited precise and reliable stream rates as well as fantastic execution under outrageous circumstances, when contrasted and a cutthroat blood tubing set.
- ✓ EO Sterile, Non-Toxic and Pyrogen Free.
- ✓ Kink resistant tubing eases handling and ensures fast priming.

Ryle's Tube

Salient Features :

- ✓ Soft, frosted, and kink-resistant PVC tubing.
- ✓ Smooth low friction surface of tube facilitates an easy intubation.
- ✓ Closed distal end with four lateral eyes to decrease the risk of blockage.
- ✓ Supplied sterile, in individual peel pouches.
- ✓ Color-coded funnel end connector for simple identification of size and attached luer adaptor.
- ✓ 105cm tube with radio-opaque line provided to its full length and marked at 50, 60, and 70 cm from the tip for accurate placement of tube.

Levin's Tube

Salient Features :

- ✓ Smooth the outer surface of the tube to reduce the chances of tissue irritation.
- ✓ Soft, frosted, and kink-resistant PVC tubing.
- ✓ 125cm tube with radio-opaque line provided to its full length and marked at 50, 60, and 70 cm from the tip for accurate placement of tube.
- ✓ Colors coded funnel end connector for easy identification of size.
- ✓ Available in different sizes from FG 8 to 20 FG.
- ✓ Gastro-Intestinal feeding and aspiration of intestinal secretion.
- ✓ Available in different sizes from FG 6 to FG 20.
