QUALITY IS AT THE CORE OF EVERYTHING WE DO

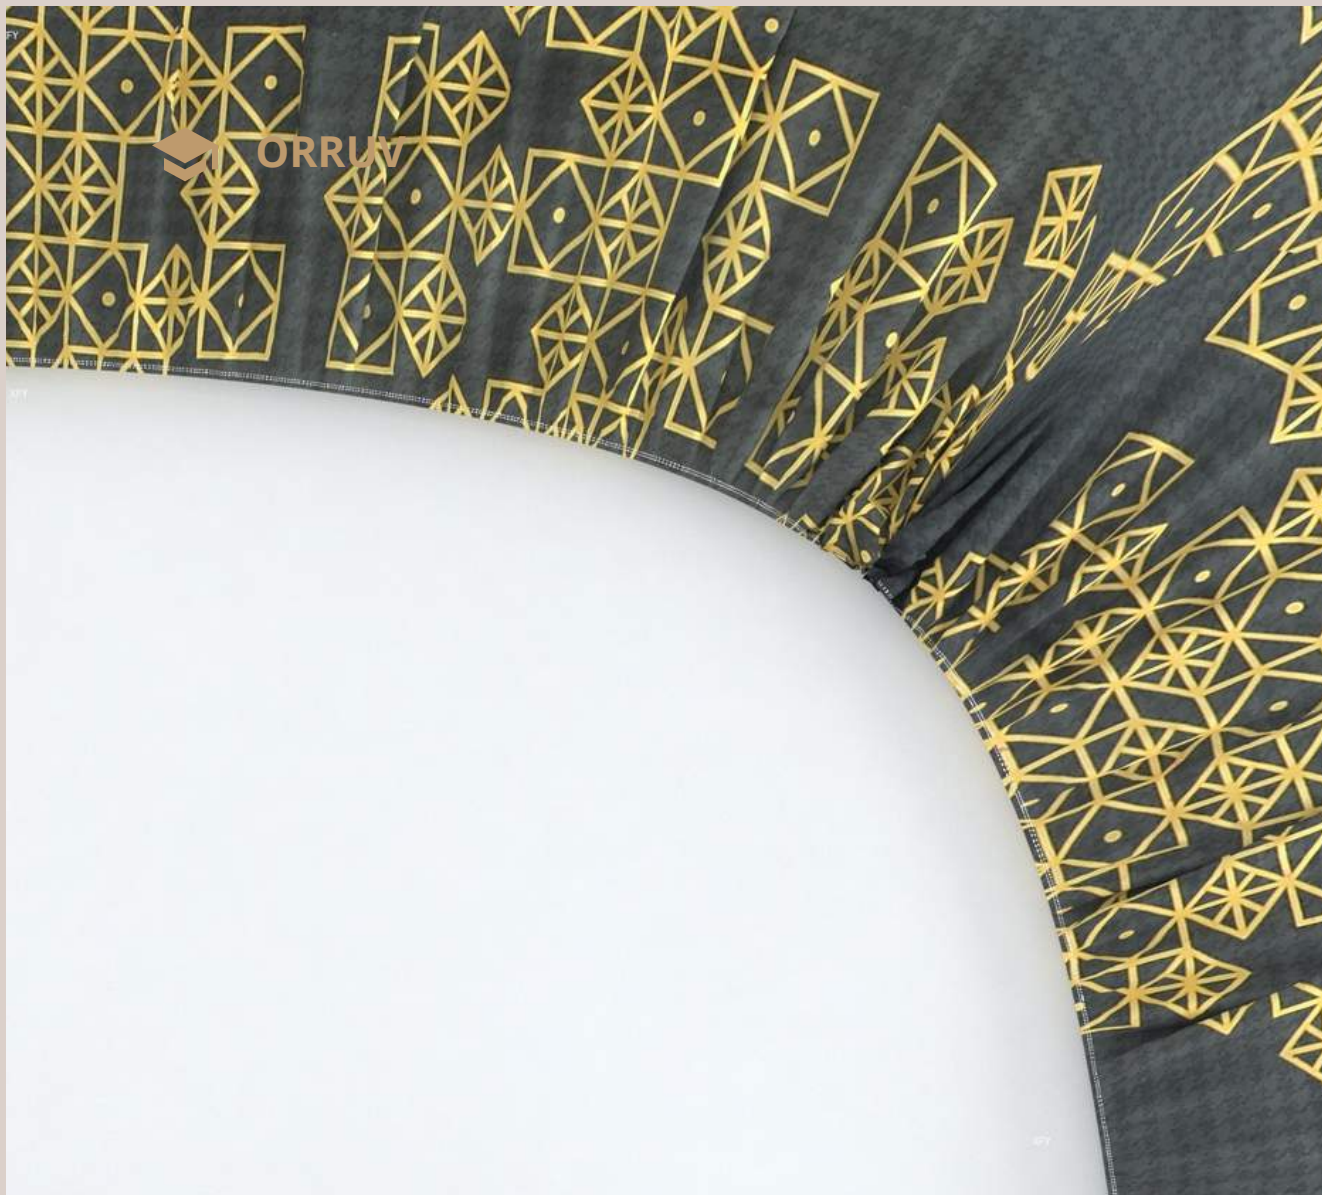

ATTRACTIVE COTTON JAIPURI BEDSHEET

Fast colors
Standard Size

Jaipuri cotton bedsheets are a type of bedsheet that originates from Jaipur, a city in the Indian state of Rajasthan. These bedsheets are known for their vibrant colors, intricate designs, and the use of high-quality cotton fabric.

Jaipuri cotton bedsheets come in a wide range of designs, including floral patterns, paisley motifs, geometric shapes, and traditional Indian motifs. The colors used are often bold and vibrant, reflecting the rich cultural heritage of Rajasthan.

ELASTIC FITTED BEDSHEET

An elastic fitted bedsheet, also known as a fitted sheet or a fitted bed cover, is a type of bedsheet specifically designed to fit snugly over a mattress. It has elasticized corners that hold the sheet in place and prevent it from slipping or coming loose during sleep.

The main advantage of a fitted sheet is its convenience. Once properly fitted onto a mattress, it stays in place, providing a smooth and taut surface to sleep on. Unlike flat sheets, which can easily become untucked or wrinkled, fitted sheets offer a neat and tidy appearance.

TERRY MATTRESS PROTECTOR

01

Terry cotton cloth layer on top quickly absorbs the liquid while the waterproof polyurethane layer below it prevents your mattress from getting wet and stained.

02

With elastic spandex to provide a snug fit, this mattress protector ensures there are no lumps on your mattress once it's put on the mattress, ensuring your bed sheets can be spread out evenly.

03

Helps you maintain hygiene by protecting against any allergens like bacteria, pollens, dust mites and any fluid

COTTON DOHAR

ORRUV dohar provides you optimal comfort and adds elegance to your room decor with its reversible design - Attractive Designs on Both Sides. ORRUV dohars have same fabric edging/piping, which gives trance dohars has its own uniqueness for an elegant look and feel

Cotton is the primary material used in making a ORRUV dohar.A cotton dohar usually consists of three layers. The top and bottom layers are made of cotton fabric, while the middle layer is filled with Flalane.

SUPERSOFT BEDSHEET

Wide Variety

super-soft bedsheet is designed to provide a luxurious and comfortable sleeping experience. The weave of the fabric can also impact the softness of the bedsheet. Supersoft bedsheets may undergo special finishing processes to enhance their softness. These processes give the fabric a softer texture and a luxurious hand feel.

Supersoft bedsheets are available in various sizes, including twin, full, queen, king, and California king, to fit different bed dimensions.
