Our Background

Çamdalı İş Elbiseleri: Address of The Quality and Trust In Work Wear

Our company was founded in 2007 by Kadir Yücel, Çamdalı İş Kıyafetleri has specialized in the production of work safety clothing since the first day it entered the sector. This journey, which started in a 150 m² workshop with a team of 12 people, continues today in a modern facility of 4500 m² with an expert staff of 50 people.

- In 2015, we expanded our production capacity and increased our staff to 22 people.
- In 2018, we moved to a production facility equipped with automatic machines and increased our quality standards.
- In 2019, we started to reach our retail customers through digital channels by taking part in online marketplaces.
- In 2024, we took our place in the international market with our first export to Germany.

What We Do ?

Production & Technology

In our state of art production facilities, we have a production capacity of 2 million work clothes per year. Our production processes, which we carry out with automatic machines, reduce the error rate to zero and maximize product quality. In this way, Çamdalı İş Elbiseleri has managed to become a reliable supplier of more than 2500 corporate companies throughout Türkiye.

Development and Innovation

Since the day we were founded, we have always aimed for growth and innovation. With over 2000 patterns and product portfolio, we produce thousands of products every year and send them to 81 provinces of Turkey. With our design team, we design new products and clothes and do the pattern work. We design special clothes for your company and offer you special solutions by printing or embroidering with your logo.

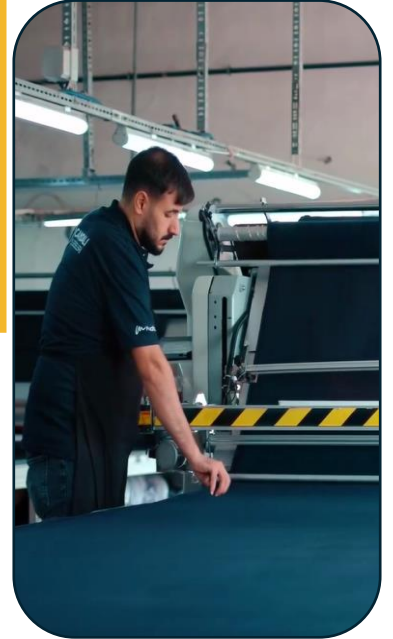

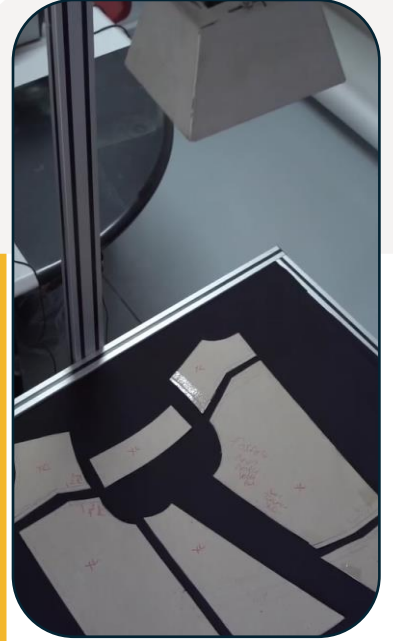

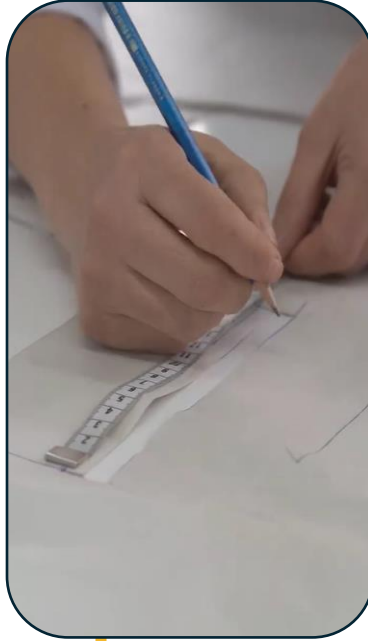

Attention ! Producing for you and offering you special solutions for your company.
