

AGRI VENTURES

Let's grow the future

CROP PROTECTION PORTFOLIO

OUR PROFILE

The Genesis

The company's journey began in 1988 when Mr. Avtar Singh Gujral established its strong foundation. Later, it was seamlessly transitioned into the capable hands of his son, Mr. Charanjeet Singh Gujral, a Chemical Engineer from IIT - Mumbai. Initially, the company focused on pesticides manufacturing. Over the time, Agri Ventures has evolved as high quality manufacturer and global supplier of wide range of formulated and technical agrochemicals and Fertilizers with supply of all types of sprayer pumps & quality equipments, animal feed and premixes to our farmers across the globe. This evolution reflects our commitment to growth, innovation, and meeting the evolving needs of our customers.

Our Infrastructure

We have strategically positioned our infrastructure to support our global operations and meet the needs of our clients.
