ABOUT US

Welcome to R&R International, your trusted supplier and exporters of high-quality activated carbon solutions. Founded in the year 2023 by Mr. Ravi Sharma, R&R International has quickly emerged as a prominent player in the industry. Our headquarters are nestled in the vibrant city of Rewari, Haryana, reflecting our commitment to delivering excellence in the heart of India.

At R&R International, we specialize in providing a range of top-notch activated carbon products, including Activated Carbon Granules, Activated Carbon Powder, and Activated Carbon Pellets. Our journey is driven by a passion for delivering effective and sustainable solutions to meet the diverse needs of our customers.

Activated carbon is a versatile and powerful material known for its exceptional adsorption properties, making it an indispensable component across various industries. Whether you are in water treatment, air purification, or industrial processes, our activated carbon products are designed to exceed your expectations.

Our founder, Mr. Ravi Sharma, envisioned R&R International as a company committed to quality, innovation, and customer satisfaction. With a focus on excellence, we have built a reputation for reliability and integrity in the market. As a customer-centric organization, we understand the importance of delivering products that not only meet but exceed industry standards.

What sets R&R International apart is our dedication to continuous improvement. We employ cutting-edge technologies and adhere to stringent quality control measures to ensure that our activated carbon products consistently deliver optimal performance. Our team of experienced professionals is driven by a shared commitment to excellence and a passion for exceeding customer expectations.

As a Rewari-based company, we take pride in contributing to the local community and economy. Our roots in Haryana inspire us to uphold the values of transparency, sustainability, and social responsibility.
