

## INTRODUCTION

Prayag Eco Paint is a Supplier of Organic Paint since 2021 associated with Khadi Prakritik Paint, a pioneering brand in natural, eco-friendly paints. Committed to sustainability, Prayag Eco Paint offers an innovative range of organic paints derived from cow dung, ensuring a low environmental footprint. These paints are non-toxic, odor-free, and provide excellent durability and aesthetics. Catering to both residential and commercial spaces, the company champions a green alternative to conventional paints. Their products promote healthier living environments and contribute to rural economic upliftment by supporting Khadi's mission. With superior quality and affordability, Prayag Eco Paint aims to revolutionize the paint industry. Its offerings align with modern sustainability goals while preserving traditional values. Partnering with Khadi ensures customers receive authentic, environmentally conscious solutions. By choosing Prayag Eco Paint, you're investing in a brighter, greener future.
