# ABOUT OUR COMPANY

---

Genex Railway Component Division boasts decades of expertise in the design, development, and manufacturing of essential railway components, playing a pivotal role in the modernization of Indian Railways. As a market leader, we offer a comprehensive range of products including Brake Systems, Suspension Systems, Couplers, Rubber, Window Sections, Centre Sills, Underframes, Central Underframes, Head Stocks, Bolsters, Side Walls, Footstep Assemblies, and Friction Products. Our division is proudly certified with ISO 9001:2015, NABCB, 14064-1:2006, ISO 14001:2015, and ISO 45001:2018. The trains utilize familiar components such as rolling element bearings, plain bearings, and gears, which are also prevalent in various other industries, thereby sharing similar operational demands.

Our Director, Mr. Prashant Garg have been Serving in Heavy machinery and Extra large steel fabrication and structural items manufacturing industry, consistently delivering innovative and reliable solutions to meet the diverse needs of our customers.

*Prashant Garg*

# OUR VISION & MISSION

---

## VISION

We, as a dedicated team, excel in engineering superior railway components. Our R&D team relentlessly pursues the development of top-quality structural items, adhering to lean and frugal engineering principles. Committed to operational excellence, we continuously innovate to ensure the highest standards in railway infrastructure.

## MISSION

Our mission is to design and produce high-quality railway components that enhance safety, efficiency, and sustainability. We are committed to innovation, precision engineering, and customer satisfaction, ensuring reliable performance and durability in every product we deliver to our global partners in the railway industry.

# OUR SERVICE

---

At Genex Tech Industries, we pride ourselves on our diverse expertise in the manufacturing and supply of high-quality railway components. As a leading name in the industry, our commitment to excellence extends beyond traditional railway components to include our state-of-the-art civil unit, where we manufacture and supply pre-stressed concrete (PSC) Railway Sleepers.

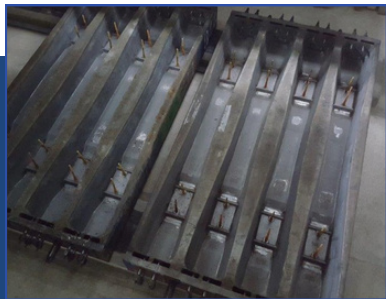

## **RAILWAY SLEEPERS**

Our PSC Railway Sleepers are designed to meet the evolving demands of the railway sector. With a keen focus on innovation, our designs are continuously refined in collaboration with the Research and Development division of Indian Railways. This synergy ensures that our sleepers are not only durable and reliable but also perfectly suited to the changing requirements of modern railway infrastructure.

## **RAILWAY TRACK ERECTION**

At Genex Tech Industries, we specialize in the erection of rail tracks, catering to the specific needs of the railway industry. Our expertise spans a variety of technical specifications and widths, including both broad and meter gauge tracks. Each rail line is meticulously fabricated by our skilled technical team to ensure superior construction, durability, and the ability to withstand heavy loads and diverse climatic conditions. Trust Genex Tech Industries for reliable and robust rail track solutions.
