SMOOTH TECHNOLOGY

QUANTO internal fitting is made of drop forged bonnet, the form of casting, valve & spindle are made of extruded rod whose composition is lab tested. Performed on bonnet for leakage test.

Advance international Double 'O' Ring protection in provided at the bottom of the spindle to stop water entering the threads; the keeps threads lubricated resulting in lesser wear & tear and longer life. Ceramic disc is also tested for alumina and silica .

SHINING SURFACE TECHNOLOGY

QUANTO combining technology with trained resources gives you maximum.

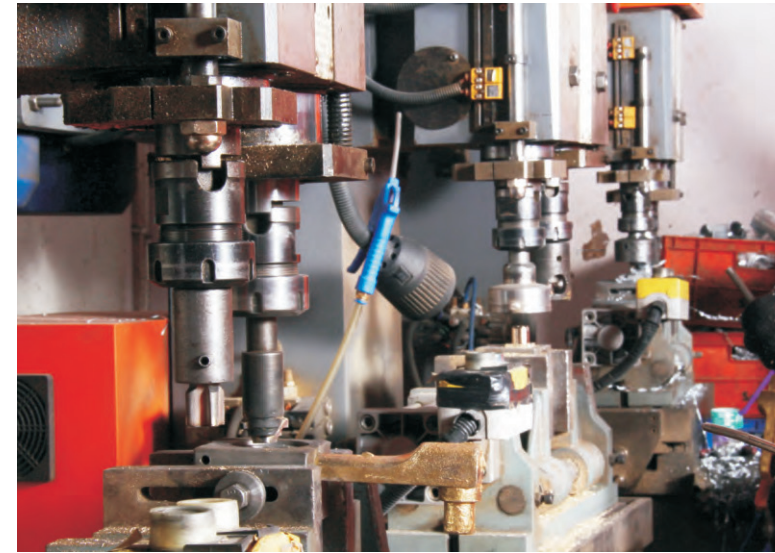

We use reputed brand chemical with trained & skilled worker working on a state of the art electroplating plant with due care in handling to ensure you an everlasting shine &luster of your taps for years. Many faucets may appear the same but salt spray testing against the competition, some finishes showed signs of corrosion, pitting or blistering after just few days, while QUANTO product appeared pristine and new even after 200 punishing hours of rigorous testing.

ORIGINAL TECHNOLOGY

As representatives of world class bath products, QUANTO introduced advance technologies, and thanks to more than 20 years of experience, QUANTO Products are easy to use and stable in quality.

We Focus on comfortable use, and at the same take time into consideration the water saving and environmental protection. Each QUANTO product represents the perfect combination of technology, quality and Design.

FAUCET AERATION

QUANTO uses world's finest aerator technology for its product. Aerator gives the optimum flow quality, avoid, splashing and conserve water.

EXPERTISE

Rich experience of product design, manufacturing & knowledge of global plumbing standard. Our well-trained team is so excellent that every product from their hands is like a masterpiece. The beauty of QUANTO products begin with a foundation of quality materials & enduring design with some of the finest brains in the industry.

CUSTOMER RELATION

QUANTO is a highly customer focused company, building good customer relation is our top priority. Customer feedback and experiences are very important input to the company's future strategies. QUANTO has built and efficient service network.

DYNAMIC BRAND

EXPERIENCE

Where every other day a new brand is foraying into market place jostling for space. Quanto introduces itself with esteem, growing recognition and popularity backed by experience of over 2 decades.

EXTENSIVE QUALITY & PERFORMANCE TESTS TO ENSURE ONLY THE BEST PRODUCT REACHES YOU.

SOLIX Products undergo a complete quality & performance test as stated below :

► **AIR/VACUME TEST :**

After Machining the unfinished dye casted every product is tested at 15kg pressure of water and air leakage.

► **ASSEMBLE & FITMENT TEST :**

After assembling and polishing, each piece is checked for pin holes & surface finishing.

► **FINISHED PRODUCT
PERFORMANCE TEST :**

After the faucet is completely assembled and chrome plated, it goes for a final water test done on pressure pump at 25 kgs. / Cm² as per IS:8931

► **NICKEL & CHROME TEST :**

Periodic nickel plating of 10 microns & chrome plating of 0.3 microns is conducted in-house.

► **SPECTROSCOPY TEST : PRODUCT
COMPOSITION TEST :**

Conducted by an independent lab, this test is periodically done to ensure the correct metal composition of the product.
