

DISPOSABLE PAPER PRODUCT CATALOGUE

The products offered under our partner Select brand have been certified by the Turkish Standards Institute. They were checked according to the product standards for toilet paper, towels, napkins, physical quality characteristics of the product, dimensional packaging shape, design characteristics and they conform to the standards.

Since its establishment, our partner manufacturer has been continuing its strategy of being an organization that continuously develops and adapts to change. We attach importance to environmental and health awareness, and create value for our customers and employees. Accordingly, production conditions and products are approved by national and international institutions. While being the first company to receive an ISO 9001 Quality Management System Certificate in its sector, in 2018, it upgraded to ISO 9001:2015 version. Compliance to all skin types was approved with Dermatest in 2013, compliance with food contact was approved with Smithers Pira in 2011. Efficient use of energy in all processes was approved with ISO 50001 Energy Management System certificates in 2016. In 2017, BRC - Hygienic Product - Hygienic Product GC - Mark Certificate was awarded for the first time in its sector. All these documents and certificates are updated as a result of the audits carried out.

“

All the products produced in our partner production facility have been subject to risk analysis and documented as a result of the audits carried out by the German certification body DQS. Our products are free from risks in terms of product safety and products are produced under the necessary conditions.

”

Our partner paper mill was established as Turkey's first private sector paper mill in 1969 and has been operating for 50 years with pioneering and innovative structure in the dressings and tissue paper sector. Our partner paper mill's journey, which started with the production of industrial products in the paper industry, has grown rapidly and continues today with an annual production capacity of 45,800 tons in a 42,000 square meter indoor area. It continues to offer innovations in the cleaning paper sector with its brands including high quality and hygienic products in domestic and outdoor use.

For professionals
5 star solutions...

Our partner paper mill offers quality and hygienic products with its Select brand showing innovation and continuous development in the outdoor consumption channel, while it meets consumer demand thanks to its common sales distribution infrastructure in the whole Turkey. Select provides advantages that exceed the needs with a wide range of product options for outdoor use. It offers solutions providing both hygiene and saving to the enterprises such as restaurant, school, hospital, hotel etc. Select has become one of the most preferred brands of professionals with its 3 brands as Expert, Optima and Smart and quality production and service standards.
