IT'S THE THOUGHT

The memories go back to sunlit days, textured wood logs stacked against the garage wall, grinding sounds of the ARA machine in the background, as I keenly observed my father, talking in a language of wood while enjoying a warm cup of tea.

A barrister by profession, but his love for artistry inculcated the fervor for wood art in my subconscious that finally came into existence in the form of Takhleek. Apart from having a successful corporate career of 15 years, there was a strong desire to take forward his passion for timeless craftsmanship. This led to bringing the passion to life and living this dream which came into being from a small workshop with one carpenter in Lahore on 3rd March 2021. In a mere year, Takhleek has created several pieces with seasoned wood patterns in brass inlay with immaculate finishing, inspired by global cultures. It gives me immense happiness to see the magical aura and timeless individuality exuded by every piece created at Takhleek.

I welcome you all to become a part of Takhleek's journey through timeless creation rooted in culture, honored by tradition, and nurtured by our seasoned Craftsmen.

AIMA MINHAS
FOUNDER - TAKHLEEK

WHAT IS TAKHLEEK

Takhleek is an all-in-one aesthetic partner, distinctive from others, which not only caters to your interior needs but also provides aesthetic solutions. Quality seasoned wood, including pure Sheesham, Oak & Mahogany wood is intricately crafted using inspirational, galactic and, spiritual elements to build furniture. Such is the blend of sophisticated lifestyle & traditional art that distinguishes Takhleek's creations and makes every artifact an epitome of timeless memory which stays with generations to come.

WHAT WE CREATE

The design philosophy is deeply rooted in honoring our rich culture and local craftsmen, while we celebrate global cultures. Takhleek's designs are not cutting-edge statements of current fashion, but rather a synthesis of what has been given to us by craftsmen of the past. Unlike style or fashion, they are timeless and relate across cultures and centuries. We respect diversity and try to incorporate stories & traditions from global cultures by embedding them into our designs.

In designing our furniture, we are committed to simplicity in form-keeping in view the modern-day living. Yet every piece of furniture has been crafted on a memory, a connection to a person or a place, an engraving from your grandmother's wooden Baithak or a Surahii from your father's old rocking chair on which he read the morning newspaper while sipping tea and sharing his wisdom. That connection is what Takhleek aims to preserve and cherish in today's fast-moving lifestyle where everything has fleeting shelf life.

THE MISSION

Living spaces are a reflection of an individual's personality and lifestyle.

When choosing an artifact, make sure it complements these factors. We are committed to providing unique art pieces of immaculate quality and tailored services fulfilling the ornamental needs of our valued customers with inspirational & inventive aesthetics that add life to any space.

THE VISION

Takhleek stands for more than just Furniture and Interiors. It is a lifetime experience for people who have a keen love for art, a passion inculcated in the genes that talk greatly about craftsmanship. Through inspirational & creative art pieces, Takhleek is a fusion of tradition and modernism with a global vision.

WHAT WE OFFER

Takhleek is a design house equipped to take care of all your interior and furniture needs. Be it your home, office or outdoors, our custom fit solutions ensure we deliver as per our client's specific requirements. We are striving to keep the old tradition of solid wood furniture alive and support the local artisans. We design themed furniture inspired from Global Cultures embedded with our local Craftmanship. We use quality seasoned wood and focus on immaculate finishing above everything else.

We are passionate about creating unique and pleasant interior design experience. Our team of professionals are skilled to carry out complex projects. We design spaces and customize furniture to enhance the appearance and usability of your space. We love to experiment with different materials and techniques to create unique and modern designs lined with a tinge of nostalgia, be it interiors or furniture. At Takhleek every day we experiment and expand the boundaries of our understanding in terms of enhancing user experience of living spaces, new materials, and finishes.

We also offer complimentary consultation services to understand our customer's unique requirements, we believe that living spaces should be reflective of the client's personality and lifestyle and provide them with the best possible solution.
