WEASEL BEAN

- **LATTE**

G7 SANG TAO

You'll be surprised of the special flavor and taste of the traditional Vietnamese coffee.

WEASEL COFFEE, one of the cafe menu items, is a type of coffee made from the poop of weasels, especially civet cats.

The weasel's diet includes coffee cherries, which as they pass through the digestive system undergo a fermentation process that gives coffee its unique, mild flavor.

Weasel Coffee is native to Southeast Asia, especially Vietnam. It is popular and known as Cafe Village. It also has health benefits such as improving digestion and enhancing energy.

G7 SANG TAO has a unique aroma and a mild taste with little bitterness.

The world's best Culi Arabica beans are combined with modern technology. Processed with a unique recipe, this is a specialized product for coffee lovers who prefer a unique coffee taste.
