NEW PRODUCT YEAR 2024

TOOTHBRUSH

BAMBOO BIZS+ ZTBBAM

Material: Made with 90% pure natural ingredients.
The slim brush head design allows it to reach deep into the oral cavity, providing effective and thorough cleaning.

BIZS+ BAMBOO SILVER

Bristles: Made from ultra-fine dental floss threads, gently cleaning and safe for gums.
Handle: Crafted from premium virgin plastic, completely mold-resistant and protects against bacterial attacks

BIZS+ CARBON MT BCCB.

Toothbrush infused with activated carbon, offering complete mold resistance and antibacterial protection.

BIZS + PEARL ZTB01707

Vietnam's No.1 toothbrush, featuring exclusive natural texturing technology from Japan.
The Mix Soft brushing technology with the world's finest and most flexible bristles ensures deep cleaning while remaining gentle and non-damaging to the gums.

UNISEX BIZS+ SALT

Equipped with PBT bristles, designed to deeply clean between teeth and hard-to-reach areas while gently massaging the gums, keeping your mouth clean and healthy.

UNISEX BIZS+ ZEN SHINE

Size: 60*120 cm
Material: 100% natural cotton, soft and gentle on the skin. High breathability and good sweat absorption
Color: White, Beige 23, Gray 28, Gray 62

UNISEX BIZS+ SWEET

Made from 90% pure natural materials, making it the first eco-friendly toothbrush in Vietnam.
The outer bristles are designed to be longer and finer, helping to remove plaque and gently massage the gums

UNISEX BIZS+ STAR

Ultra-fine 0.01mm soft bristles reach deep between teeth for thorough cleaning and gentle gum massage.
The flexible twisted filament structure effectively removes plaque, helping to whiten and brighten your teeth.

KID'S TOOTHBRUSH

IZS+ KID DOLPHIN

Ultra-soft bristles made from dental floss fibers that meet European and American quality standards.

The smart dolphin-shaped handle is crafted from premium imported virgin plastic.

BIZS+ KIDOS1

The ultra-fine, super-soft bristles are made from premium dental floss fibers, ensuring exceptional gentleness.

Enhanced with advanced Nano Silver technology, offering safe and effective oral care for children.

BIZS+ U-SHAPE TOOTHBRUSH FOR MILK TEETH

Made from ultra-soft, food-grade silicone for complete safety.

Engineered for durability, maintaining its shape even after sterilization in boiling water.
