## NATURAL CUTS "ROOTS" FLAVOR AND AUTHENTIC ORIGIN

Roots is a select line of portioned cuts, ground meats and burgers made from 100% grass-fed cattle. These animals are raised in open, natural pastures, with access to fresh water and freedom to graze and move freely. This grass-based diet results in leaner, more tender meat with a robust, authentic flavor.

## JERKY PREMIUM: FLAVOR THAT IMPACTS THE SENSES

At Fraticelli Foccus Trading LLC, we have selected one of the purest, most delicious and high-quality dried meats on the international market.
