CEO Greeting

Let's do our best in a given environment.

Innochem Co., Ltd. was established in 2002 as a professional manufacturer of engineering plastics. Under the management philosophy of “Best Quality”, “Best Service”, and “New Product Development”, we are doing our best with technological innovation. Our products are widely applied in various applications such as automotive parts, electrical/electronic parts, and household goods. Many customers are satisfied with the quality and price of products such as composite PP, PC+ABS, PC+PBT, and PA. However, we promise that we will continue to strive with the development of new technologies for greater customer satisfaction. Please keep an eye on Innochem Co., Ltd., which will develop further in the future, and ask for a lot of love and interest.

Choi Cheol Ho
CEO of
