Modern Design, Flexible Production – A New Standard in Rugs

Our rugs are crafted from 30% polyester and 70% cotton, featuring a chenille polyester top layer and a cotton base. They have a unique, non-laminated yet unified texture that feels smooth to the touch.

Machine-washable, robot vacuum friendly, and with a 9mm surface height, they offer the perfect balance of comfort and style – ideal for both residential and hospitality interiors. We offer custom production in any size and design with **flexible MOQ** to suit your business needs.

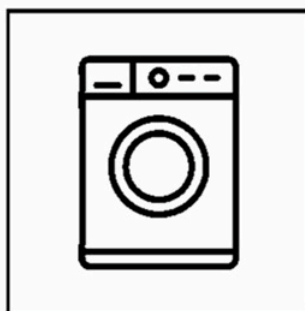

Global shipping is available with fast and secure delivery.

Explore what our collection can offer you.

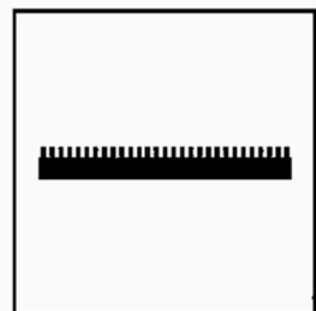

Tailored patterns and scalable solutions – just one step away.
