

Inception in 2022, We are the leading distributor of all types of Fasteners like Bolts, Nuts, Washer, Self Drilling Screws, Self Tapping Screws.

We are Located in Mumbai, which is fully connected to all regions of India whether it is Northern, Western, Southern & Eastern part of India.

High-performance solutions from DMM EXPO are found wherever absolutely safe and secure connections are essential. These small but extremely resilient components play key roles where it matters most – whether in the electronics and energy sector, the automotive and transportation industries, aviation and aerospace, engineering and construction, precision engineering, or medical equipment.

DMM EXPO does not just supply standard products and individual components, but also provides close and active customer support in the search for ideal solutions, particularly when specific requirements must be fulfilled.

Ever since 2022, DMM EXPO has stood for experience, solution-driven know-how, unique expertise in development and consultancy as well as the ultimate in reliability.

DMM EXPO Pvt. Ltd. is a leading distributor of fasteners for structural steel fabrication, metal building manufacturers, transportation, water works and utilities, original equipment manufacturers, agricultural equipment manufacturers, construction and MRO.

Customers benefit from the extension of competencies in industrial fastening technology and from an optimally enhanced product or service portfolio.

VISION

Multi-specialist supplier and development partner of different industries and OEMs with an industrial and commercial presence in Europe, North and South America, Africa and Middle East countries, We aim to pursue profitable and sustainable development through selective internal growth and acquisitions in targeted markets.

MISSION

To be the world leader in products, services and solutions that enable and transform the way consumers and businesses gather, manage, distribute. Be the best in the eyes of our customers ,employees and shareholders by providing the world class services. We help individuals and employees to achieve their goals and fulfil their responsibilities and build better tomorrows.
