ISO 22000.2018

HACCP Certificate

ISO 22000:2018 Certification

HACCP Certification

✓ ISO 22000:2018 – Ensuring food safety at every stage of production and supply.

✓ HACCP Certified – Rigorous hazard analysis and quality control procedures.

This certification is a testament to our ongoing pursuit of excellence, ensuring that our production and handling processes consistently meet the highest international benchmarks for food safety and quality.

At HERBSEEDS EGYPT, we continue to prioritize consumer health and safety while delivering premium-quality herbs, spices, and dried vegetables to markets worldwide.

This achievement reflects our steadfast commitment to implementing strict food safety measures, identifying and controlling potential hazards at every stage of the production process. It also reinforces the confidence of our valued customers and partners in the reliability and safety of our herbal, spice, and dried vegetable products.

We remain dedicated to applying internationally recognized safety protocols and upholding excellence across our entire supply chain

Key Benefits of HACCP & ISO 22000:2018 Certifications

- ✓ **1. Uncompromising Food Safety**
 - Comprehensive hazard analysis (biological, chemical, physical) meticulously applied across sourcing, processing, drying, and packaging.
 - Proactive contamination prevention through rigorously validated safety controls and stringent hygiene protocols.
- ✓ **2. Consistent Premium Quality & Traceability**
 - Strict adherence to globally recognized food safety standards guarantee consistent high quality and unwavering reliability.
 - End-to-end traceability from our farms to the final product, ensuring swift and effective issue resolution whenever necessary.
- ✓ **3. Seamless Global Market Access**
 - Our certifications are your passport to global markets, widely recognized.
 - Enhanced trust and credibility with international importers, distributors, retailers, and ultimately, your end consumers.
- ✓ **4. Full Regulatory Compliance, Worldwide**
 - Rest assured, our processes are fully compliant with stringent regulations from the FDA, EU, SFDA, and other leading global food safety authorities.

 **Experience Natural Excellence – Absolutely No Compromises**

"We believe in pure flavor. That's why you'll find no artificial preservatives, colors, or flavors in our products – just the unadulterated goodness of nature."

"We will be your Eyes in Quality"
