AUGEWEL[®]

Green technology creates a better life!

AUGEWEL

FOOD WASTE COMPOSTER

The Eco-Friendly Choice for Your Home

Company Profile

Founded in 1999, Foshan Shunde Augewei Electric Appliances Co., Ltd. Has grown to be leading supplier of home appliances and related products as a result of more than 20 years' relentless efforts. With solid expertise in designing and manufacturing Food Waste Composters, Vacuum Cleaners, Pet Appliances, and other small home appliances, we have been cooperating with leading brands like LG, Midea, TTI, Daewoo and Hanmi.

Our manufacturing facilities cover more than 200,000^② with dedicated staff over 500, achieving annual production capacity of 2,000,000 pieces. AUGEWEL boasts strong products development capability and technical reserves, sophisticated testing equipment, complete quality control system, advanced production line, strict assembly process, excellent supply chain and sales team. We worked on the basis of ISO9001:2000 quality management system and our products are certified by CE, TUV/GS, TUV-EMC, UL and ETL. At the same time, we consistently improved our quality and service which helped us winning highest reputation from our customers all over the world.

Green technology creates a better life!

Why Choose Augewei Food Waste Composter

Makes real compost,
not dehydrated
food scraps

Supreme odor
control=no
smelly kitchen

AUGEWEL'S is
whisper quiet

More efficient
and time-saving
for you

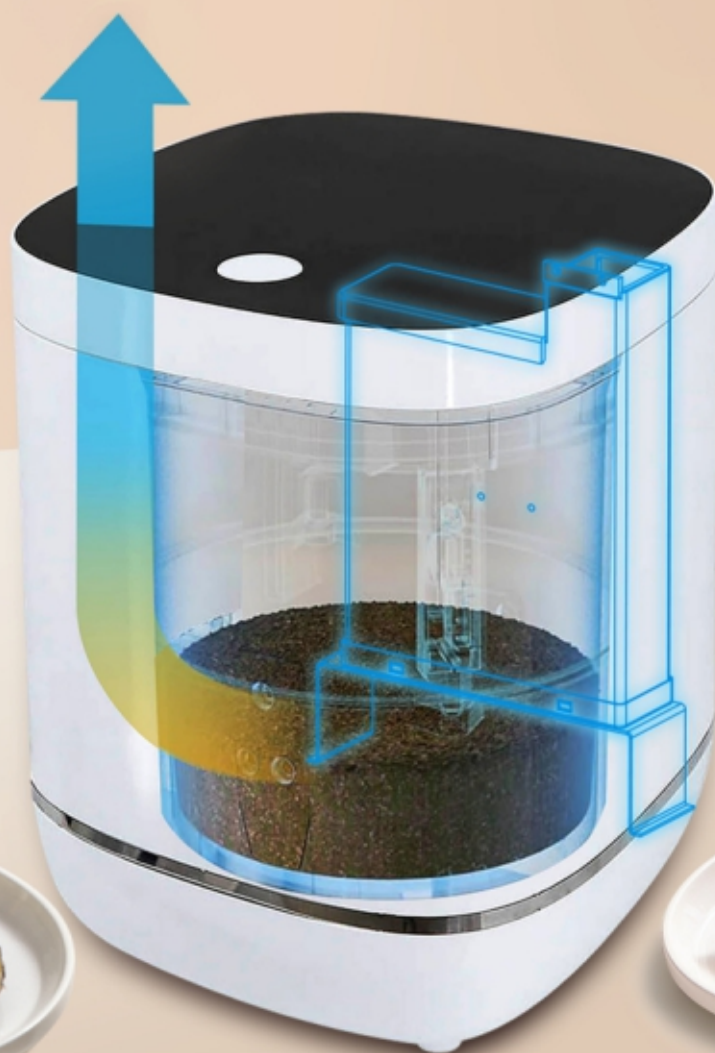

You'll save more
money with AUGEWEL
than others

Green technology creates a better life!

Patented 4-layer Filtration System, NO need to replace carbon filter

Green technology creates a better life!

FW-01

Food Waste Composter

Product features:

- A. Fermentation&decomposition, environmentally friendly by natural fermentation
- B. Remove the odor through the 4-layer filtration system.
- C. No need extra pipe, easy installation, low noise.
- D. Decompose food waste, and turn them into fertilizer for flower/lawn use.

Environmentally Friendly

Uses Microbes to Decompose Food Waste

Item (FW-01)	Parameters
Electrical(Voltage/ Power)	100-240V /50-60Hz/ 130W
Disposal/24h	0.7kg advised, Max. 1.0kg
Waste decomposition rate	≥80%
Noise(dB)	≤38
Power consumption(kwh/day)	≤1.2
Capacity(L)	8L
Application	Family of 3-4 members
Odor Removal	4-layer filtration system
Sterilization Method(optional)	High Temperature, UV
Material	ABS
Color	Customizable
Product Life(year)	≥5
Dimension(mm)	338x324x378
N.W/G.W(kg)	11.2/12.0
Loading qty(40HQ)	1080

Green technology creates a better life!

Crushing and grinding

Garbage turned into fertilizer

Filter out odors

High temperature sterilization

drying process

FG-02

Food Waste Composter

Product features:

- A. Extremely convenient by fast disposal of food wastes with our cutting-edge Drying+Grinding+Odor Control technology
- B. Remove the odor through the 4-layer Filtration System.
- C. No need extra pipe ,easy installation, low noise.
- D. No need to replace carbon filter with our patented system

Item (FG-02)	Parameters
Electrical(Voltage/ Power)	100-240V / 50-60Hz/ 300W
Volume Reduction Rate	≥80%
Noise(dB)	≤38
Capacity(L)	4L
Application	Family of 3-8 members
Odor Control	UV Light+Heating Tube+ Ion+Compounds+Activated Carbon
Material	ABS
Color	Customizable
Product Life(year)	≥5
Dimension(mm)	338x324x378
N.W/G.W(kg)	12/13.5
Loading qty(40HQ)	1080

Larger Composting Capacity

Space saving design
Easy storage

Max.85%
Reduce the volume
of food waste by

Green technology creates a better life!

FOOD WASTE COMPOSTER

The Eco-Friendly Choice for Your Home

Green technology creates a better life!

Convert kitchen waste into efficient compost.

F1

Food Waste Composter

Product features:

- A. Fermentation&decomposition ,environmentally friendly by natural fermentation
- B. Remove the odor through the triple filter system.
- C. No need extra pipe ,easy installation, low noise.
- D. Decompose food waste ,and make them into fertilizer for flower/lawn use.

Item (F1)	Parameters
Electrical(Voltage/ Power)	100-240V / 50-60Hz/ 130W
Waste decomposition rate	≥80%
Noise(dB)	≤38
Disposal(kg)	advised 0.75kg, Max 1.0kg/24H
Capacity(L)	12L
Application	Family of 3-4 members
Odor Removal	Activated Carbon
Sterlization Method(optional)	UV
Material	ABS
Color	Iron Silver/Gray/white
Product Life(year)	≥5
Dimension(mm)	305x331x467
N.W/G.W(kg)	9.1/11.5
Loading qty(40HQ)	1019

GREEN TECHNOLOGY CREATES A BETTER LIFE!

F1-B

Food Waste Composter

Product features:

- A. Fermentation&decomposition ,environmentally friendly by natural fermentation
- B. Remove the odor through the triple filter system.
- C. No need extra pipe ,easy installation, low noise.
- D. Decompose food waste ,and make them into fertilizer for flower/lawn use.

Item (F1 - B)	Parameters
Electrical(Voltage/ Power)	100-240V / 50-60Hz/ 130W
Waste decomposition rate	≥80%
Noise(dB)	≤38
Disposal(kg)	≤ 0.7kg
Capacity(L)	12L
Application	Family of 2-4 members
Odor Removal	Activated Carbon
Sterlization Method(optional)	UV
Control Method	Manual button
Material	ABS
Product Life(year)	≥5
Dimension(mm)	381x353x470
N.W/G.W(kg)	8.7/11.0
Loading qty(40HQ)	1130

Green technology creates a better life!

The Eco-Friendly Choice for Your Home

Green technology creates a better life!

The Eco-Friendly Choice for Your Home

F3-E

Food Waste Composter

Product features:

- A. Fermentation&decomposition, environmentally friendly by natural fermentation
- B. Remove the odor through the triple filter system.
- C. No need extra pipe, easy installation, low noise.
- D. Decompose food waste, and make them into fertilizer for flower/lawn use.
- E. WiFi connectivity
- F. weight sensing and weight display

Rind

Vegetable

Fishbone

Leftover food

Item (F3-E)	Parameters
Electrical(Voltage/ Power)	100-240V /50-60Hz/ 112W
Waste decomposition rate	≥80%
Noise(dB)	≤38
Disposal(24h)	0.7kg advised, Max 1.0kg
Capacity(L)	12L
Application	Family of 2-4 members
Odor Removal	Activated Carbon
Sterilization Method(optional)	UV
Control Method	manual button+Wi-fi
Material	ABS
Product Life(year)	≥5
Dimension(mm)	305x331x480
N.W/G.W(kg)	9.1/11.5
Loading qty(40HQ)	1019

Green technology creates a better life!

80% of garbage
Can be converted into organic fertilizer

F2

Food Waste Composter

Product features:

- A. Fermentation&decomposition, environmentally friendly by natural fermentation
- B. Remove the odor through the triple filter system.
- C. No need extra pipe, easy installation, low noise.
- D. Decompose food waste, and make them into fertilizer for flower/lawn use.
- E. WiFi connectivity
- F. weight sensing and weight display

Item (F2)	Parameters
Electrical(Voltage/ Power)	100-240V / 50-60Hz/ 130W
Waste decomposition rate	≥80%
Noise(dB)	≤38
Disposal/24H	0.75kg advised, Max 1.0kg.
Capacity(L)	15L
Application	Family of 3-4 members
Odor Removal	Activated Carbon
Sterlization Method(optional)	UV
Material	ABS
Color	Iron Silver/Gray/white
Product Life(year)	≥5
Dimension(mm)	335x315x520
N.W/G.W(kg)	12.5/13.8
Loading qty(40HQ)	810

Green technology creates a better life!

AUTO CAT (C1) LITTER BOX

space

Split structure

Environmentally
friendly materials

Prevent odor
overflow

Prevent sand
leakage

Green technology creates a better life!

AUTO CAT LITTER BOX

Product features: (C1)

Item(C1)	Parameters
Power input	DC12V
Power Consumption(Kwh/24H)	≤1.5
Suitable object	cat 0.5-5kg
Noise(dB)	≤50
Main material	ABS+PP+SILICONE
Connection mode	Wi-Fi+App
Product life(years)	≥3
Dimension(mm)WDXH	603X506X506
Carton Size(mm)	665x565x565
N.W/G.W(kg)	12.5/15.6
Loading qty(40HQ)	280

Spacious space

Split structure

Environmentally friendly materials

Prevent odor overflow

Prevent sand leakage
