# Coir Mats Collections

## PVC Backed Coir Mats

Custom Size and designs Heavy-Duty Coir Coconut Roll Matting is a high-quality natural fibre solution ideal for high-traffic entrances in commercial and residential settings. Made from durable coconut coir fibres, it offers excellent scraping action to remove dirt, moisture, and debris from footwear before entering your premises. Its eco-friendly, sustainable composition makes it a smart choice for those seeking both performance and environmental responsibility.

Available in various thicknesses to suit your needs.

## Coir Mats

Hard coir mats are built to withstand heavy foot traffic, offering both durability and style for your entrance. Made from 100% compostable materials, they're an eco-friendly choice that's safe for the environment

## Rubber & Coir Mat

The rubber and coir mat is an excellent choice for effectively scraping mud and dirt from shoes.

Featuring a 100% rubber border and backing with coir inserts in a brick pattern, it's built to endure heavy foot traffic while trapping debris efficiently. The durable rubber backing keeps the mat securely in place, and the coir fibres effectively capture dirt and mud.

Cleaning is simple—just lift and shake to remove loose debris, or use a brush or vacuum for a deeper clean. We will ready to customise the designs according to the needs

## Coco Fiber Mats

Our coco-fiber mats are crafted from 100% eco-friendly coco fiber and coir, making them perfect for heavy-duty areas and entrances. We're also happy to customize the design to suit your specific needs

We are Goutham Gallery, based in Kerala, India—an emerging supplier committed to delivering high-quality products at competitive prices. Our focus is on ensuring timely delivery and complete customer satisfaction. We look forward to building long-term, trusted business relationships with our clients.
