From Our Fields to Global Kitchens

ABOUT US

At **VH Global Export**, we are driven by a passion to deliver India's finest agro-products to the world. Specializing in premium-quality Dehydrated Onions, Dehydrated Garlic, Fried Onions, Fried Garlic, and Aromatic Indian Spices, we source from the heart of India's fertile agricultural regions.

Our mission is to bring authentic Indian flavors to global markets with an unwavering commitment to quality, customer satisfaction, and ethical practices. Leveraging modern processing techniques and a robust supply chain, we ensure our products meet international standards. With a focus on timely deliveries and strong partnerships, we strive to exceed expectations.

At **VH Global Export**, we don't just export products, we bring the true taste and essence of India to the world.

TWO FOUNDERS, ONE VISION: THE ORIGIN OF VH GLOBAL EXPORT

Mr. Vaibhav Malvi brings deep expertise in international trade, specializing in global client relations and business development, making him a reliable force behind the company's global outreach.

Mr. Harshal Gohel leverages his strong background in logistics and procurement, ensuring efficient coordination with suppliers and smooth execution of the supply chain from source to shipment.

Their combined efforts shaped VH Global Export with a clear vision for delivering premium agro-products from flavorful dehydrated ingredients to aromatic Indian spices, reflecting our unwavering commitment to quality and excellence.

QUALITY PROCESSING

At **VH Global Export**, we follow a meticulous and high-standard processing approach to ensure premium quality for global markets. Our process includes:

01 Sourcing

We work with trusted, certified suppliers to source only high-quality raw materials, ensuring freshness, consistency, and authenticity.

02 Cleaning & Sorting

Each product undergoes thorough cleaning, grading, and sorting to eliminate impurities and ensure uniform quality throughout.

03 Processing

Raw materials are processed using hygienic and modern techniques to retain natural properties, aroma, and shelf life while meeting global safety standards.

04 Quality Control

Every batch is inspected at multiple stages by professionals to meet strict export norms and international food safety guidelines.

05 Packaging

We use export-grade, durable, and customizable packaging solutions that maintain product integrity and extend shelf life.

06 Logistics & Export

Through an efficient supply chain, we ensure smooth, timely, and secure delivery from origin to destination, anywhere in the world.

Our focus on quality at every step helps us deliver agro products that meet international expectations for safety, freshness, and consistency.

WHY CHOOSE US

Hygienically Processed

All products are processed under strict hygiene and food safety standards.

Premium Quality

Every batch undergoes thorough quality checks before dispatch.

Customized Packaging

We offer flexible packaging solutions tailored to meet specific market needs.

Competitive Pricing

High-quality products at the most competitive rates in the industry.

Tasty & Crispy

Our dehydrated products retain natural taste and crispness, just like fresh.

100% Pure

We deliver products free from additives, fillers, or harmful chemicals.

Fast Delivery

We are committed to fulfilling orders quickly and efficiently.

Customer Satisfaction

We prioritize quality, reliability, and timely delivery to ensure 100% satisfaction.

DEHYDRATED **WHITE ONION**

White onions, widely cultivated in western India particularly Gujarat are prized for their natural antibacterial properties, mild flavor, and superior quality. At VH Global Export, we work closely with trusted processors to source dehydrated white onion products that meet strict quality standards. Our range includes kibbled, flakes, chopped (5-3 mm), minced (1-3 mm), granules (0.5-1 mm), and powder carefully selected and tailored to suit diverse international market needs.

DEHYDRATED **WHITE ONION**

White Onion Flakes

White Onion Chopped (3-5mm)

White Onion Minced (1-3mm)

White Onion Granules (0.5-1mm)

White Onion Powder

DEHYDRATED **PINK ONION**

Pink onions, extensively grown across Indian states like Gujarat, Maharashtra, and Madhya Pradesh, are valued for their natural sweetness and mild flavor making them ideal for a wide range of culinary uses. At VH Global Export, we directly source high quality dehydrated pink onion products through trusted networks and ensure they meet stringent quality standards. Our offerings include kibbled, flakes, chopped (5–3 mm), minced (1–3 mm), granules (0.5–1 mm), and powder catered to meet the specific demands of global markets.

DEHYDRATED **PINK ONION**

FRIED ONION

India is emerging as a leading supplier of ready-to-use fried onions for the global HORECA industry. At VH Global Export, we offer a diverse selection including coated fried onions (with corn and wheat flour), dehydrated fried onions (non-coated), fresh fried onions, and crushed variants each processed to retain flavor, texture, and shelf life. Typically fried in palmolein oil to ensure crispness and aroma, our offerings are available in white, pink, and red varieties. We also provide complete customization based on oil type, flake size, and onion variety to meet specific client needs across international markets.
