

# HUNG LE TEXTILE AND GARMENT

## OEM / ODM SERVICE

Christening gown, Baptismal gown,  
Smock Dress, Princess Dress

# OUR COMPANY

Hung Le Textile and Garment (T&G) was established in 2007, starting from a small garment factory with only a few dozen workers. After nearly 20 years of operation, the company has continuously developed and expanded its production scale. From the first steps in the garment industry, Hung Le T&G has gradually affirmed its position in the market.

In the early years, the company focused on producing simple garments such as children's clothes and princess dresses. With constant efforts and strategic vision, Hung Le T&G has gradually improved product quality, diversified designs and expanded the consumer market.

By 2018, Hung Le T&G has become one of the prestigious textile companies in the Southern region of Viet Nam. The company has invested heavily in production technology, upgraded modern machinery lines, expanded the factory and recruited more skilled workers.
